

Fall hours begin at Cape Perpetua

YACHATS — The Cape Perpetua Visitor Center moved into its fall operating hours Sept. 5.

The visitor center, located three miles south of Yachats, will be open from 10 a.m. to 4 p.m. daily until the end of the year.

“Fall is a great time to explore the Oregon Coast,” said Brian Hoeh, the visitor center’s manager. “There’s less traffic along the highways, while the weather tends to be a little more mild with warmer temperatures and less wind.”

For more information, call the visitor center at 541-547-3289.

Annual SOLVE beach, river cleanup is Sept. 24

Join friends, neighbors and thousands of Oregonians from across the state on Saturday, Sept. 24, for the annual SOLVE Beach Riverside Cleanup, presented by the Oregon Lottery.

SOLVE invites volunteers of all ages to help remove invasive plants, restore natural areas and clean up hundreds of miles of beaches, rivers, parks and neighborhoods before fall rains wash litter and debris into storm drains and out to sea.

SOLVE and presenting sponsor, the Oregon Lottery, is joining more than 5,000 Oregonians who will mobilize across the state for the 33rd annual Beach Riverside Cleanup. This event is part of the International Coastal Cleanup and National Public Lands Day.

The event will be from 10 a.m. to 1 p.m. (times may vary by site).

Volunteers can find choose from more than 100 projects, including 46 beach cleanups coastwide, at solveoregon.org or by calling 503-844-9571 ext. 332.

From the headwaters of the Willamette River to the Oregon coast, Oregon’s waterways and natural areas are facing serious threats from diminishing wildlife habitat, invasive plants and litter that flows down-

stream into rivers and out to the ocean.

Join fellow Oregonians in supporting the health of their state by cleaning up litter from source to sea.

“A common thread that binds nearly all Oregonians together is how much we all take pride in our state,” said Oregon Lottery Acting Director Barry Pack. “And one of the things we can all be proud of is how SOLVE and thousands of Oregonians have been helping make Oregon a special place for 47 years.”

As a long-time supporter of SOLVE and events like SOLVE’s Beach Riverside Cleanup, Pack said the Oregon Lottery encourages everyone to find a SOLVE event in their area and continue the great work that SOLVE has been doing for decades.

The Beach Riverside Cleanup is made possible by: Presenting Sponsor the Oregon Lottery; Legacy Sponsor: Metro; Major Sponsors: Clean Water Services, Fred Meyer, Pacific Power and Wells Fargo; Coordinating Sponsors: Local Coast Haulers and the Oregon Parks and Recreation Department; Media Sponsors: K103FM and KOIN 6; Supporting Sponsors: Chevron and Skanska; Community Sponsor: NW Natural.

Emeralds’ rally towel giveaway tomorrow

EUGENE — The Eugene Emeralds are in the playoffs, and starting Thursday, Sept. 8, the Ems will be at home for the playoffs. Their first round opponent is the Hillsboro Hops. The first game of the series will be played in Hillsboro, before moving to Eugene for game two and, if necessary, game three.

The first 2,000 fans to come through the home plate gate will get a free rally towel to

help cheer the Ems to victory over the Hops. The Ems are playing for a chance to win their first Northwest League Title since 1975.

This give away comes in lieu of the University of Oregon appreciation shirt give away for Friday, Sept. 2. The Ems will still be having a UO appreciation night, showing highlight videos and playing the Oregon fight song.

Tickets for the Sept. 8, play-

off game are on sale now at the Toyota Ticket Office and online at emeraldsbaseball.com.

The Eugene Emeralds are the short-season Class A team of the Chicago Cubs. In 2015, six of the top 30 Cubs prospects spent time in Eugene including Ian Happ, Donnie Dewees and Eloy Jimenez.

For more information, visit www.EmeraldsBaseball.com or call 541-342-5367.

ATHLETE

OF THE WEEK

Hunter Simington

Mapleton H.S.

Football

Mapleton football standout Hunter Simington is Coast Radio Sports’ Athlete of the week. The Sailor quarterback carried the ball 3 times for 88 yards, completed two passes for 65 yards... both of them for touchdowns. He led the defense with 11 solo tackles and five assisted tackles in Mapleton’s season opening 68-14 win over South Wasco County.

Honorable Mention Tyler Packebush

He had five carries for 67 yards and three touchdowns and converted one point-after for two points.

Fishing from 1B

can be productive in the upper bay and river as the season progresses. Parking can be limited at Knight Park during the fall salmon return.

SILETZ RIVER: Steelhead, cutthroat, Chinook

The Siletz River and bay is open for Chinook salmon through Dec. 31. Fishing is slow but will pick up over the next several weeks. Trolling herring in the lower bay is an effective technique. Eggs and bobber or drifting eggs can be productive in the upper bay and river as the season progresses. Consult the regulations for changes in deadline locations through the season. Steelhead fishing is fair. Casting spinners, drifting bait or using a bobber and jig can be effective. Cover water and fish small and simple as the river conditions are low and

clear.

For cutthroat trout, casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

WILSON RIVER: Steelhead, cutthroat

Fishing for steelhead is fair. The water is low and clear, so use lighter gear and target the deeper holding areas. Angling for cutthroat should be fair to good, sea-runs should be throughout the system. Try casting spinners or streamer flies in areas with cover, or dead drifting small presentations.

Fall Chinook season does not open until Sept. 16, and the river is closed to salmon angling upstream of Jordan Creek (RM 21.9) through Dec. 31.

YAQUINA RIVER:

Cutthroat, Chinook
The Yaquina River and bay is open for Chinook salmon. Fishing is slow but will pick

up over the next several weeks. Trolling herring in the lower bay is an effective technique. Eggs and bobber or drifting eggs can be productive in the upper bay and river as the season progresses.

For cutthroat trout casting small spinners, spoons or fly fishing streamers or dry flies can be very effective. Angling for all species in streams is now open.

UMPQUA RIVER, SOUTH:

Bass
Trout fishing is catch-and-release only in the South Umpqua and tributaries. Bass fishing should be good with warmer water temperatures.

TENMILE BASIN: Trout, bass, yellow perch

Trout fishing has been slow in Tenmile Lakes due to warm water. Trout anglers should fish in the deep water and fishing is usually best in the mornings.

Largemouth bass fishing has

been good over the past month. Anglers are catching bass near structure or on the deep end of the weed lines using spinner baits, jigs, or rubber worms.

Top water lures have been effective in the early mornings or evenings.

Fishing for yellow perch has been slow in Tenmile Lakes. Anglers fishing along the edge of the weedlines are having the best success. Worms fished near the lake bottom work very well for catching yellow perch.

The water level in the lakes is very low so boat anglers should use caution.

WINCHESTER BAY:

Bottomfish, perch
Fishing for bottom fish in the Triangle and South jetty has been successful.

PACIFIC OCEAN and BEACHES: Bottomfish, Dungeness crab, surf perch, salmon, halibut

Recreational harvest of crab is open along the entire Oregon Coast. It is still recommended you discard the crab viscera (guts/butter) before cooking.

Razor clamming is closed south of the north jetty of the Siuslaw River.

Recreational ocean salmon fishing from Cape Falcon to Humbug Mt. is open for Chinook salmon. Anglers are allowed two salmon per day with a minimum size for Chinook at 24 inches or larger.

The non-selective coho season opened Sept. 3.

The Nearshore Halibut season is open seven days a week from Cape Falcon to Humbug Mt. As of mid August, 18 percent of the nearshore quota remains. The Summer All-Depth Halibut season is nearing the quota. Please monitor the marine zone updates for season information.
