You'll be on your feet all day, including time spent on grass and dirt. 2 Map your route to make the best use of your time. Stopping at sites with multiple vendors gives you more shopping time and requires less driving time. 3 Wear sunscreen or a hat or both, and try to keep your face in the shade. 4 Bring water and snacks. 5 Have a tape measure handy to make sure large purchases such as furniture will fit inside your house. 6 Hit the ATM for cash before you head out; most vendors don't take credit cards. 7 Take along a rolling tote to hold your purchases. This minimizes the amount of weight you have to carry and keeps your hands free to keep shopping. 8 Pack hand sanitizer. If you're shopping at a large venue, the only restrooms might be portable ones, which don't include sinks for proper hand-washing. 9 Think ahead on shipping. If you buy something big, will you send it from an overnight shipping service or bus service, or will you need to rent a truck or trailer? 10 If you see something you like, buy it, because when you come back later it will probably be gone. <div style="text-align: center; margin-top: 20px;"> <h3>Meet You At the City Wide Garage Sale!</h3> <p><i>This is going to be fun!!!</i></p>  </div> <div style="text-align: center; margin-top: 20px;">  </div> <p style="text-align: center; font-weight: bold; font-size: 1.2em;">FLORENCE, OREGON</p>
