Fishing from 1B

is open. Casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

ALSEA RIVER: Cutthroat, Chinook

The Alsea River and bay is open for Chinook salmon. Fishing is fair. There are fish that have migrated to the upper bay. Trolling herring in the lower bay is an effective technique. Eggs and bobber can be productive in the upper bay and river as the season progresses.

SALMON RIVER: Cutthroat, Chinook

The Salmon River and bay is open for Chinook salmon. Fishing is. Trolling herring in the lower bay is an effective technique. Eggs and bobber can be productive in the upper bay and river as the season progresses. Parking can be limited at Knight Park during the fall salmon return.

Anglers are reminded that from Knight Park boat ramp to Sulphur Creek, until Dec. 31, angling is restricted to single point hook metal lures, fly angling, or salmon bobber angling.

SILETZ RIVER: Steelhead, cutthroat, Chinook

The Siletz River and bay is open for Chinook salmon. Fishing is fair. Trolling herring in the lower bay is an effective technique. Eggs and bobber or drifting eggs can be productive in the upper bay and river as the season progresses. Consult the regulations for changes in deadline locations through the season.

Steelhead fishing is slow. Casting spinners, drifting bait or using a bobber and jig can be effective. Cover water and fish small and simple as the river conditions are low and clear. For cutthroat trout, casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

YAQUINA RIVER: Cutthroat, Chinook

The Yaquina River and bay is open for Chinook salmon. Fishing is fair. Trolling herring in the lower bay is an effective technique. Eggs and bobber can be productive in the upper bay and river as the

season progresses.

For cutthroat trout casting small spinners, spoons or fly fishing streamers or dry flies can be very effective. Angling for all species in streams above tidewater is open.

COOS COUNTY LAKES AND PONDS: Warmwater fish, trout

As water temperatures drop this fall warmwater fish will become more active all day long. Bass will be found in deeper water associated with cover, like weed lines or other structure. Plastic worms, shallow crankbaits, top water lures, and spinner baits are good to use for bass. The fall is typically a good time of the year to catch yellow perch using worms or small jigs fished near the bottom.

Rainbow trout are scheduled to be stocked in several Coos County lakes in early to mid-October. Due to extremely low water levels, Lower Empire Lake will not be stocked. Trout that were destined for Lower Empire Lake will be reallocated to Upper Empire and Butterfield lakes. Currently fishing for trout has been decent in the deeper lakes like Eel Lake. Anglers are having success slowly trolling wedding rings.

UMPQUA RIVER, SOUTH: Closed

The South Umpqua is closed through Nov. 30 to protect spawning fall Chinook salmon

TENMILE BASIN: Trout, bass, yellow perch

Trout fishing has been slow in Tenmile Lakes due to warm water. Trout anglers should fish in the deep water and fishing is usually best in the mornings.

Largemouth bass fishing has been good over the past month. Anglers are catching bass near structure or on the deep end of the weed lines using spinner baits, jigs, or rubber worms.

Top water lures have been effective in the early mornings or evenings.

Fishing for yellow perch has been slow in Tenmile Lakes. Anglers fishing along the edge of the weedlines are having the best success. Worms fished near the lake bottom work very well.

MAPLETON ROYALTY

NED HICKSON/SIUSLAW NEWS

On Sept. 23, Mapleton High School announced its 2016 Homecoming Court, which included: **Freshman** Princess Trinity Holmes and Prince Brandon Kimble; **sophomore** Princess Erin Michael and Prince Evan Moso; **junior** Princess Alexis Gierke and Prince Thomas Woods; **senior** Princess Dana Halverson and Prince Nicholas Smith; and Queen Mackenzie Cleary and King Tyler Packebush.
