Us TOO Florence is your source for prostate cancer information and support on the Oregon Coast. We reach men from Bandon to the south, Yachats to the north and Mapleton to the east, plus the entire greater Florence area.

We are ready when men and their loved ones need us. Our Giving includes:

- providing the latest information on PSA screening, diagnosis, treatment/non-treatment options and life after treatment;
- sharing our personal prostate cancer experiences, including a first-hand account of what we chose to do, why we chose it and how it has turned out;
- supporting each other as we travel this journey together.

Us TOO Florence has two monthly meetings – each usually has a urologist present to answer questions:

- 2<sup>nd</sup> Tuesday of each month – 5:00 – 7:00 p.m. at the Presbyterian Church of the Siuslaw. Urologist Dr. Bryan Mehlhaff attends.
- 3<sup>rd</sup> Tuesday of each month – 12 noon – 1:00 p.m. at the Ichiban Chinese/Japanese Restaurant. Urologist Dr. Roger McKimmy attends.

Us TOO Florence outreach includes a monthly article in the Coast Life Section of the Siuslaw News being either a local man's Personal Prostate Cancer Journey or a Behind the Headlines written by Facilitator Bob Horney; attendance at health fairs at the FEC and Three Rivers Casino; 3-ring binders at over 20 locations in Florence with the above articles inside and updated monthly; weekends in September at the Boardwalk Market highlighting Prostate Cancer Awareness Month; advertising in the Siuslaw News and its special editions plus Shippin' Shack's Clip-N-Save editions. Finally, maintaining our own website: [www.ustoooflorence.org](http://www.ustoooflorence.org).

Financial support is provided by Oregon Urology Foundation, Us TOO Florence participants and members of the public. All donations are tax deductible 501(c)3 and go to support the above outreach programs. Make out a check payable to, and mail to Us TOO Florence, 924 Island Drive South, Florence, Or 97439. Every dollar goes to reaching men and their loved ones in dealing with the 2<sup>nd</sup> most deadly cancer in the male population.
