

The perfect gown for a perfect day

Many brides-to-be visit bridal shops with specific goals in mind regarding the style of their wedding gowns. Some women come equipped with magazine tear-outs or pull up ideas on their mobile phones. Others may have an entire scrapbook filled with various ideas they've been compiling for years.

Much consideration is given to wedding gowns. The cost and silhouette of the dress may garner the bulk of that consideration, but brides might want to spend more time considering comfort.

Depending on the time of day their weddings take place, brides can spend 12 hours or more in their wedding gowns on their wedding day.
