

Maybe it's Megaleen makes your day as beautiful, special as you are

When the bride to be is searching for a trustworthy and dedicated makeup artist during the most important time in her life, it can feel like a daunting task, especially when there are so many other things to consider for the big day.

Looking for the right person who has the proper techniques and ability to help you look beautiful in photographs as well as in person means you will want to choose someone who can make you look flawless yet natural at the same time.

That's why Megan Sayre, owner of Maybe It's Megaleen of Cottage Grove, would like the bride and groom to know she offers her services for engagement photos, rehearsal dinners and weddings — including all members of the wedding party and mothers of the bride and groom.

Licensed and insured, Sayre makes sure that each new client is presented

with recommendations and photos of past clients.

Using HD/camera ready makeup, she offers a trial run before any engagement photos or wedding photos are taken, so that you can be sure that your makeup will look the way you want it to. This also makes it possible to discuss any changes you may want before your wedding day.

Bridal packages are available, which includes traveling to your wedding destination, and complimentary makeup for flower girls that are 10 years old and younger.

The time and money you put into looking your best on your wedding day goes beyond the wedding day itself. You will be left with memorable photos that reflect just how beautiful and special your day was for many years to come.
