

W.G. Peterson Woodworking

W.G. Peterson Woodworking offers custom built residential and commercial cabinets and architectural millwork.

Our custom wood cabinetry and millwork help you create the best atmosphere for your home, office and environment.

Kitchen designs work best when including elegant, livable and functional workspaces. A kitchen island is one way to fit in all your big cooking ideas with plenty of room to work on your most creative recipes.

Visit us at 1723 Highway 101 in Florence or call us at 541-997-3127.

Bay Street Family Tyes

Hello Florence!

Last May, JP and Lynn Badel purchased Bay Street Family Tyes, located on Bay Street, in Historic Old Town Florence.

Lynn was introduced to Florence 25 years ago when her parents moved here. After retiring from their careers in California and a continuing love for the town, Lynn brought JP to Florence and they knew this was going to be their new home.

Lynn has been transforming the shop with a new updated look as well as bringing in new merchandise. The shop that offers "Gifts from the Heart"

will have a variation of gifts and home décor for every style.

Lynn and JP love Florence and love giving back to the

community.

Come in and see the new owners, new products, a new look and even a new name!

Orygon Home Center

Ken and Dorrit Ory, owners of The Orygon Home Center and Florence Cabinets since 1977, are excited about the way their business has grown in the last two years and also in the direction it has taken.

Much of this has to do with the addition of Nik Remer who has been instrumental in expanding their services to their customers by offering the 20/20 program of 3-Dimensional cabinet drawings and other convenient services that they were not able to offer before. His experience and expertise in working

with both employees and customers has been invaluable.

Orygon Home Center has added a new addition to the Countertop Department so that Leo Garza, their Solid Surface Expert, has been able to train this new assistant, Jeremiah Detar, to help with the growing demand.

John Gilreath and Dan Holmes have joined the crew in the Florence Cabinets Department. John is taking on face framing and assembling and Dan is working on Plastic Laminate countertops with

Decorative edges and integral sinks.

James Leasure is still doing everything, including installation and helping to train the new additions. Gary Wright keeps busy delivering cabinets, setting them in place, and checking the quality - essentially helping to make the installation go smoothly.

Ken and Dorrit invite everyone to come visit Orygon Home Center in the near future as they are planning some new displays and expanding their product offerings.

Patrick Myers Tree Service

Based in North Bend, Ore., Patrick Myers Tree Service has been serving coastal communities in Coos, Curry, Douglas and Lane counties since 1995.

We provide expert tree removal and related services from Port Orford to Florence, including tree trimming, brush clearing, stump grinding and 24-

hour emergency service.

Call us today for a free consultation with our Certified Arborist. In Coos Bay and North Bend, call 541-756-3197; in Bandon, call 541-347-9124; and in Florence, call 541-997-1600 — or go to www.patrickmyerstreeservice.com.

Gray Day Home Heat

Both Gray Day Home Heat and Dan Rankin Construction are locally owned and operated at 3298 Highway 101 in Florence.

With more than 20 years experience in the con-

struction business and more than 16 years in home heat installation, we serve the area faithfully.

Stop by our booth for more information or call 541-997-4080.

Polished Coast Pavement

Polished Boutique and Salon is an adorable boutique that offers new and resale designer women's clothing. We opened our Boutique store in July as a wonderful compliment to our already thriving natural nail services. This new bigger location has Highway 101 frontage and offers plenty of private rooms for spa pedicure services as well as massage services.

Come sip on a cold or hot beverage and shop our apparel, accessories and gifts. There's something for everyone.

Coast Pavement Maintenance is a high-quality professional asphalt maintenance company providing service to the Oregon coast that specializes in asphalt repair, seal coating, crack filling, stripping and tennis court resurfacing.

We are able and willing to accommodate

anything from residential driveways to commercial parking lots to airport runways.

With 23 years of experienced service, Coast Pavement Maintenance encourages you to call us for a free estimate.

Please stop by our booth at the Home and Garden Show for more information.
