

Scentsy

Our distinctive Scentsy Warmers melt specially formulated wax with the heat of a low-watt light bulb or heating element, and enhance your home with more than 80 fragrances safely, with no flame, smoke or soot.

Each warmer is designed by Scentsy and is made of high-quality ceramic, porcelain, or glass.

A Scentsy Bar is a block of fragrant wax. Scentsy uses a custom, high-quality paraffin wax blend and fragrant oils to achieve the highest quality and longest-lasting bar. Scentsy bars are safer than wicked candles because no flame is required for the wax to melt and release fragrance.

Since the wax is warmed and not burned as with traditional candles, no harmful chemicals or pollutants are released into the air. With Scentsy, there is no flame, smoke, soot or lead.

Just plug your Scentsy warmer in and turn it on. Place one or more section of a Scentsy Bar into the warmer dish and enjoy.

Kimo's Dips

Kimo's — pronounced Kee-Mohz — Gourmet Dip Mixes are made and packed in our Beaverton kitchen.

Kimo's uses spices from Oregon Spice Company located in Portland and local ingredients to insure that the dips are always fresh and top quality.

The gourmet mixes are very versatile and can be used to make dips, sauces and spreads.

Please come by my booth for taste samples and use your home show coupon for savings!

D.S. Johnson Enterprises

D.S. Johnson Enterprises offers the secret to beautiful, healthy skin.

Corium 21 contains only genuine Barbadensis Miller aloe, the species with the most potent healing properties in the world. Nothing else compares. But the reason you can expect such fast, dramatic results goes even deeper — it absorbs seven layers deep.

It's reassuring to know that Corium 21 is 100 percent nat-

ural and safe and your skin will drink it up! Reaching an amazing seven layers deep, the pure aloe vera in Corium 21 softens your skin, dilates the tiny capillaries to increase circulation (which carries away toxins) and stimulates and repairs your skin at the cellular level. Corium 21 penetrates so quickly and deeply into the skin that it cannot be washed off.

The miracle of aloe — sci-

ence is now proving what naturalists have known throughout the ages: natural aloe vera contains six antiseptic agents that fight infection; three analgesics to reduce pain and at least three anti-inflammatory agents.

Even psoriasis sufferers who have "tried it all" report spectacular results with Corium 21. Stop by our booth and try our samples or visit us online at www.medcream.com.
