A WEEKLY FISHING REPORT FOR THE LOCAL REGION

www.dfw.state.or.us/RR

NORTH COAST LAKES:

Most of the North Coast lakes were stocked with trout this week. Water temps are great and fish should be hungry.

So far this season, Town Lake near Pacific City has been stocked with nearly 200 surplus summer steelhead from Cedar Creek Hatchery. In addition, 66 early run winter steelhead were released there on Jan. 11.

Trout stocking began the week of March 20 in most district lakes. The 2017 trout stocking schedule is available online.

MID-COAST LAKES:

The trout stocking schedule for 2017 is available online and trout have been stocked in some lakes. Fishing for the various warm water fish species are slow as water temperatures remain cold. There are numerous lakes in the Florence area that can provide good opportunity.
