

Coastal Gem Walkers' set next jaunt

Join the Coastal Gem Walkers on Tuesday, May 2, as the group walks the Three Lakes YRE near Florence.

Walkers will meet at the Commons in Yachats at 9 a.m. to carpool to Florence, or meet at The Sportsman, 249 Highway 101, in Florence, at 9:45 to register.

This 10K walk has mostly flat terrain and good footing. It is not appropriate for wheelchairs and difficult for strollers.

As always, leashed pets are welcome on walks, but be sure you bring water and clean up materials for pets. A sturdy 6-foot leash — not the retractable type — is required.

For more information or directions, call Maryann Brown in Waldport at 541-961-4279, or visit www.yachatscoastalgems.org.

ATHLETE

OF THE WEEK

Gabe Simington

Mapleton H.S.

Baseball

Playing on the combined Siuslaw-Mapleton baseball team, Simington hit his first career home run last week in a loss on the road against the Douglas Trojans. Friday, he threw six innings in the opening game of a double header against Douglas, striking out five and allowing just three hits. In the second half of that double-header he was two-for-three at the plate with two doubles, both went to the warning track.

Honorable Mention

Trent Reavis

Honorable mention: Trent Reavis set a new school record in the discus with a throw of 160' 2" last week, eclipsing the mark of 158' 10" set in 2003 by Josh Thomas.

Deadlines for press releases and news items are Mondays and Thursdays at noon.

Fishing

from 1B

day and 2 per season). A few summer steelhead are starting to be caught in the lower river. Steelhead fishing is fair. Drift boaters are having success from Moonshine Park to Siletz and bank anglers are catching hatchery fish in the Siletz gorge.

Casting spinners, drifting

bait or using a bobber and jig can be effective.

WILSON RIVER: Steelhead

The Wilson is in decent shape. Steelhead should be winding down but there was still some good fishing last week, although mostly for wild steelhead.

YAQUINA RIVER: Steelhead

The Yaquina River and Big Elk Cr. are closed for steel-

head fishing to protect spawning wild steelhead.

COOS RIVER BASIN: Dungeness crab, bay clams, rockfish, steelhead

Trout fishing in streams is closed until May 22.

Most anglers have stopped fishing for steelhead in the Coos Basin. Rivers in the Coos basin are open to steelhead fishing until April 30. Anglers fishing the South Fork Coos River above Dellwood will need a permit from Weyerhaeuser.

In the Coos basin, one additional hatchery steelhead may be retained per day for a total aggregate of three adult fish harvested daily.

Anglers are still catching a few rockfish and surfperch along the jetties and submerged rock piles. Fishing for rockfish in the bay has been spotty. The marine fish daily bag limit for bottom fish (rockfish) is seven fish and a separate daily limit for lingcod (two).

The 7 fish marine bag limit will remain in place, with these adjustments for 2017: Create a sub-bag limit of 6

black rockfish, remove the sub-bag limit for canary rockfish, Add China/quillback/copper rockfishes to the sub-bag limit with blue/Deacon rockfish and change the limit from 3 to 4.

Finally remove the 10-inch minimum size for kelp greenling. Retention of cabezon is not allowed until July 1.

Recreational crabbing is open inside the Coos Bay estuary. Crabbing has been slow in Coos Bay but crabbers will need to sort through several short crab to find keepers.

Recreational harvest of bay clams remains open along the entire Oregon coast.

Clamming is excellent during low tides near Charleston, off Cape Arago Highway, and Clam Island. There are also good places to dig clams even on positive low tides in Coos Bay.

Recreational harvest of razor clams and mussels is closed from the entire Oregon coast due to elevated levels of domoic acid.

This includes all beaches and all bays. Before any shellfish harvest trip, make sure to

check the Oregon Department of Agriculture website for any updates.

UMPQUA RIVER, SOUTH: Steelhead

Anglers are still hooking into a few hatchery fish. Pay attention to river gages for the South as it has been high and unfishable a large portion of the time this season. The South Umpqua will likely be a little high for most anglers this weekend.

TENMILE BASIN: Trout, bass, steelhead

Trout fishing in the streams of the Tenmile Basin are closed until May 22. Trout fishing in Tenmile Lakes, Eel Lake, Saunders Lake are open all year. Anglers have been catching trout in Eel and Tenmile lakes trolling wedding ring spinners tipped with a worm.

Steelhead season is open in Tenmile Creek and Eel Creek until April 30. Steelhead fishing has been very slow in the Tenmile Basin. In the Tenmile Basin, one additional hatchery steelhead may be retained per day for a total aggregate of three adult fish harvested daily.

WINCHESTER BAY: Bottomfish, perch

Fishing for bottom fish in the Triangle and South jetty has been successful.

PACIFIC OCEAN and BEACHES: Bottomfish, surf perch, crab

Recreational crabbing is open along the entire Oregon coast.

Bottom fishing has been good when the ocean conditions allow. Fishing for bottom fish is now restricted to inside the 30-fathom curve. A few black rockfish have been seen feeding on/near the surface recently.

Recreational harvest of razor clams is CLOSED on the entire Oregon coast due to elevated levels of domoic acid.

The recreational harvesting of mussels is OPEN along the entire Oregon Coast from the Columbia River to the California border. Before any shellfish harvest trip, make sure to check the Oregon Department of Agriculture website for any updates.

Surf perch fishing has been good when ocean swells are small. Surf perch anglers will do the best fishing with sand shrimp or Berkely Gulp sand worms.
