Retiring from Radio...

Coast Radio's Bob Sneddon is giving up his press credentials to take a new management position at Roby's Furniture & Appliance. Sneddon's voice has punctuated the local airwaves on KCST & KCFM for 17 years as News Director for the local radio stations. In the process, Sneddon became an award winning broadcaster while establishing Coast Radio's news department as a leader in daily local news. Sneddon has also made his mark as a sports broadcaster providing live play-by-play coverage of Siuslaw High School football and basketball for almost a decade.

You will still hear the Florence broadcaster on the air as he continues on a part time basis with the station with a focus on live sports coverage and special events.

"Bob leaves a legacy" said Station General Manager Jon Thompson. His commitment to broadcast journalism has been unmatched in the station's history. I am forever grateful for his contributions to our local radio stations."

...Welcoming back full time

George Henry returns full time to Coast Radio. Henry will replace Sneddon as News Director and take on additional duties at the station. Henry has been working with Coast Radio part time for the past 2 years as well as working with Nashville based Hippy Radio for Kensington Digital Media.

Formerly the News Director for Nashville based WRLT in the 90's, George also spent 8 years as Operations Manager / Program Director and Morning Show host for Mark Media in Hendersonville NC. And spent a stint at Portland's KXL as a news reporter.

George Henry has also received an Apex Marketing award for writing, producing, and hosting Radio Rounds, A Medical News Program.

"George has an impressive background and skillset in broadcasting and he fits in well with our current staff, said Thompson. We're really lucky to get someone with his talent, enthusiasm and personality."
