## WLAD provides safety education, bike helmets

According to Danielle Hanson, Western Lane Ambulance District (WLAD) paramedic and the Public Education Coordinator for the group, the manager of the Siuslaw Dunes Apartments in Florence recently contacted WLAD with concerns that some of the children living in the complex did not have bicycle helmets.

In response, Hanson conducted a safety event on May 18 at the apartment complex to help the children living there stay safe while riding their bikes.

Approximately 20 years ago, WLAD created the first active SAFEKIDS Chapter in Oregon with the goal of reducing unintentional injuries and deaths in children under 15 years of age.

Bike Helmet Safety was included in the program and has continued, providing education and free helmets for children who need them.

According to the Oregon SAFEKIDS program, 52 percent of children under the age of 14 don't always wear a helmet when riding a bike. With proper helmet use, the risk of serious head injury in children

said Hanson. "We were also able to offer 11 helmets to the children of the Siuslaw Dunes Apartments. We were honored to be able to help these kids

stay safe." For more information regarding WLAD's Bike Helmet Safety Program, contact WLAD at 541-997-9614.
