## Siuslaw Education Foundation gives progress update

Members of the Siuslaw Education Foundation met June 9, with members of the community and the organizations board, to share information on the areas of progress made in the last year. From left, Deena Mitchell, Rachel Pearson, Lynne Finney (retiring), Vevie McPherran, Suzanne Mann-Heintz, Jeanne Shannon and Margie Cruz

## COCARC set to conduct 24 hour emergency excersize

On the weekend of June 24-25, members of the Central Oregon Coast Amateur Radio Club (COCARC) will participate in Field Day 2017. COCARC will be joining thousands of amateur radio operators worldwide to demonstrate their effectiveness and proficiency in providing critical communications after a catastrophic event such as an earthquake or tsunami.

The event begins at 11 a.m. on Saturday, June 24, and will operate continuously for 24 hours until Sunday, June 25, at 11 a.m.

Conducting operations from Sutton Campground, Group Area C, COCARC members will establish several amateur radio stations on emergency power, capable of communicating all over the Pacific Northwest and the west coast; indeed, if conditions are favorable, all over the world.

One station will be a Get On

Members of the Central Oregon Coast Amateur Radio Club, (COCARC), will be participating in a 24 hour-long nation-wide emergency excersize on June 24 and 25

The Air (GOTA) station for public education and demonstration.

Field Day is the largest amateur radio event in the world. Last year, more than 2,600 different groups and more than 37,000 licensed operators all across the US and Canada participated in this event.

This year, ham operators

will construct emergency radio stations at fire stations, parks, shopping malls, schools and back yards all around the country. The Amateur Radio slogan, "When All Else Fails, Ham Radio Works" is more than just words.

There are over 700,000 FCC licensed Amateur Radio operators in the U.S., and more than 2.5 million around the world. Hams voluntarily, and at no charge, provide emergency communications for thousands of state and local emergency response agencies.

Wildfires, blizzards, floods, earthquakes, tsunamis; all these and more are the events Hams endeavor to prepare for and Field Day is a valuable tool to exercise and cultivate readiness and capabilities. COCARC supports, maintains and operates emergency communications stations year-round at the Florence Justice Center, Siuslaw Valley Fire and Rescue hall, and Dunes City Hall, as well as adjunct equipment in other community facilities in town and powerful two meter repeaters atop Herman Peak and Glenada Peak.

The Central Oregon Coast Amateur Radio Club invites the public to come participate in Field Day 2017.

Join the group at Sutton Campground, group area C, to learn more about this valuable pursuit and it's cadre of dedicated radio enthusiasts and perhaps, how to get your own FCC Amateur Radio license before the next disaster strikes.

### Yard Debris Disposal

**Next Date is June 17**  
**9am to 2pm**  
 at the Kingwood entrance to the airport, located at Kingwood & 27th St.
