## Don't be in the dark about upcoming total solar eclipse

By NED HICKSON  
Siuslaw News

While state and local agencies along the central Oregon coast prepare for the Aug. 21 Total Solar Eclipse, which will extend between Waldport and Pacific City from 9 to 10:30 a.m., residents within 100 miles of the ecliptic swath should also be preparing.

The historic event is expected to generate the largest mass exodus of humans in the history of the planet. More than 1 million people are expected to travel anywhere from 100 to 300 miles to reach the path of totality that will move through the center of North America — including 14

The Aug. 21 total solar eclipse will begin on the central Oregon coast, between Waldport and Pacific City, on its way through North America.

17, and last through Tuesday, Aug. 22.

If you were to stay in one place all your life, the chances of seeing a total solar eclipse would be slim. Because of this, the August eclipse will be a special day as first view of the eclipse from planet Earth will happen here on the central Oregon coast. As a result, eclipse chasers will arrive wanting to be the first people to experience

states — meaning that residents within those areas will see populations swell from anywhere between three to five times normal in the days before the eclipse.

The anticipated community impact due to increased traffic and congestion is expected to begin Thursday, Aug.

The Siuslaw Majors baseball team displays trophies after winning the Rick and Corrine Gehlke Baseball Tournament hosted by the Siuslaw Baseball Association on Father's Day weekend. The Majors have also won the Umpqua Valley Tournament and are undefeated heading into tournaments in Coos Bay and Lincoln City. Coaches are Corky Franklin and Kevin Groves. Rick Gehlke (back row, far right) is also pictured with the team.

## On the Bite

A WEEKLY  
FISHING REPORT FOR  
THE LOCAL REGION

[www.dfw.state.or.us/RR](http://www.dfw.state.or.us/RR)

**MID COAST LAKES:**  
Most of the North Coast lakes were stocked with trout recently. Water temps are great and fish should be hungry, so go catch them!  
The 2017 trout stocking schedule is available online.

**ALSEA RIVER: Trout**  
Trout season opened May 22, and there should be some nice cutthroat around.

Remember the limit on streams and rivers is two per day over 8-inches.

**SALMON RIVER: Steelhead**

The Salmon River closed for wild and hatchery steelhead on March 31 to protect spawning wild steelhead.

**SILETZ RIVER: Steelhead, Chinook, trout**

The Siletz River opened for wild Chinook on April 1 (1 per day and 2 per season). Spring Chinook and summer steelhead are being caught. Drift boaters are having success from Moonshine Park to Siletz and bank anglers are catching hatchery fish in the Siletz gorge.

Casting spinners, drifting bait or using a bobber and jig can be effective.

Trout season opened May 22, and there should be some nice cutthroat around.

Remember the limit on streams and rivers is two per day over 8-inches.

**SIOUSLAW RIVER: Trout**  
Trout season opened May 22, and there should be some nice cutthroat around.

Remember the limit on streams and rivers is two per day over 8-inches.

**WILSON RIVER: Steelhead, Spring Chinook, trout**

Spring Chinook fishing has been slow on the Wilson, but there should be some fish around and it should improve throughout the month. There should also be some summer steelhead in the system.

Trout season opened May 22, and there should be some nice cutthroat around.

Remember the limit on streams and rivers is two per day over 8-inches.

**YAQUINA RIVER: Trout**
