New Life Lutheran Church honors LCC student

On June 6, New Life Lutheran Legacy and Endowment Commission was pleased to grant an academic scholarship to Justice Santos, a secondary education student at LCC. Justice and her son were presented with a check for \$750.

Presenting the grant were Pastor Lori Blake and her sister Denise visiting from Minnesota at the Florence Event Center's Lane Community College Scholarship Night.

The New Life Legacy and Endowment Commission is not a standing committee, but a board of appointed members to handle the investments

SOS will receive donations and host Chamber's Business After Hours

Florence Area Chamber of Commerce invites the public to their Business After Hours event on July 20, at Siuslaw Outreach Services (SOS), 1576 12th St., from 5:15 p.m. to 7:00 p.m.

During the event, the SOS board will introduce its new executive director, Bob Teter, and celebrate the successful completion of their recent Rainbow Fund matching campaign with special check presentations. Marianne Brisbane will cater the event and beverages will be available.

"We are so excited about hosting the Chamber's Business After Hours and hope the public will join us for this big event," says Teter. "This spring we were approached by

an anonymous community member who was concerned about homeless youth.

The project was designed to raise funds to get kids into homes, get them help with their education and dental needs, and provide access to cultural enrichment programs," Teter said.

Recently, SOS received a matching donation challenge. If SOS raised \$5,000, the donor would match the total.

That \$5,000 matching check will be presented at the Chamber's After Hours event.

Also on that evening, the Florence Unitarian Universalist Fellowship will present SOS with a check from their quarterly collections

The Chamber's executive

director, Bettina Hannigan, says the Chamber's Business After Hours social events offer members and the public valuable networking opportunities. "Every one of our After Hours events is beneficial to businesses and the public in some way," says Hannigan, "and this one has the extra benefit of celebrating success and compassionate contributions that demonstrate what an awesome community we live in."

Justice is majoring in Secondary Education and is considered an individual that has the potential to be a terrific teacher.

Each year at this time the Commission honors one or more students with scholarships and grants to groups or individuals that work to benefit the community.
