

Fishing from 1B

not require a Combined Angling Tag.

Anglers are reminded, however, that only one trout per day over 20 inches may be retained, and these fish will almost all be in that size range.

Mid Coast lakes been stocked with trout throughout the spring. Trout stocking is over until the fall but there still should be fish around to catch. Water temps are great and fish should be hungry, so go catch them.

SIUSLAW RIVER: Trout

Trout season is open and there should be some nice cut-throat around. Remember the limit on streams and rivers is two per day over 8-inches.

ALSEA RIVER: Trout

Trout season is open and there should be some nice cut-throat around. Remember the limit on streams and rivers is two per day over 8-inches.

SALMON RIVER: Trout

Trout season is open and there should be some nice cut-throat around. Remember the limit on streams and rivers is two per day over 8-inches.

SILETZ RIVER: Steelhead, Chinook, trout

The Siletz River opened for wild Chinook on April 1 (1 per day and 2 per season). Spring Chinook and summer steelhead are being caught, and fishing should continue to improve. Recycling hatchery summer steelhead from the Siletz Falls trap has ended for the season. Casting spinners, drifting bait or using a bobber and jig can be effective.

Trout is season open. Remember the limit on streams and rivers is two per day over 8-inches.

WILSON RIVER: Steelhead, Spring Chinook, trout

Spring Chinook fishing has been slow on the Wilson. Summer steelhead fishing has picked up a bit on the Wilson River and is fair. There are fish throughout the system, and fresh fish are still coming in. Target riffles and the top of pools during first and last light, and concentrate on deeper holding pools once the sun is on the water.

Fishing stealthy, with light gear, and targeting first and last light is often the key to success with these fish.

Trout season is open and there should be some nice cut-throat around. Remember, the

limit on streams and rivers is two per day over 8 inches.

YAQUINA RIVER: Trout

Trout season is open and there should be some nice cut-throat around. Remember, the limit on streams and rivers is two per day over 8-inches.

COOS COUNTY LAKES AND PONDS: Trout, warmwater fish

Largemouth bass fishing has been good in many of the area smaller lakes. Bluegills can be found in area lakes right along the weed lines.

A few anglers are still catching a few trout in both Lower and Upper Empire Lakes using PowerBait or trolling a spinner in the deeper water.

ODFW is implementing a tag reward trout study on Empire Lakes for 2017 in which anglers will be asked to report tagged trout that are caught. Anglers can report tags on the ODFW website.

Some of the tags will be worth a \$50 gift card. This study is an effort by ODFW to

compare stocking of "larger" trout to last year's stocking of "legal" size trout.

PACIFIC OCEAN and BEACHES: Bottomfish, surf perch, crab, salmon, halibut

Recreational crabbing is open along the entire Oregon coast.

The nearshore halibut season (inside 40 fathoms) is now open seven days a week except when there are All Depth Halibut days. The next All Depth Halibut days are August 4-5. As of July 9, there is 43 percent of the Nearshore quota remaining.

Recreational Chinook salmon fishing is open from Cape Falcon to Humbug Mountain. Anglers may have two salmon per day but is closed to retention of coho except during the selective and non-selective coho seasons.

The selective coho season is open and will remain open until July 31 or until the 18,000 marked coho quota has been met. Anglers have report-

ed catching both Chinook salmon and hatchery coho in the Charleston area early last week.

As of July 9, there is 94 percent of the selective coho salmon quota remaining.

CLOSURES:

• Razor clams remain closed along the entire Oregon coast due to elevated levels of domoic acid. This includes all beaches and bays.

SHELLFISH

Call the ODA shellfish safety hotline at 1-800-448-2474 before harvesting for the most current information about shellfish safety closures.

Additional information is available from ODA's Food Safety Program at 503-986-4720

• The Central Oregon Coast Pacific halibut spring all-depth fishery is now closed.

• Mussels are closed from Tillamook Head (just north of Cannon Beach) to Cascade Head (just north of Lincoln City).
