## County actively preparing for potential employee strike

On Oct. 2, Lane County received notice that approximately 650 employees represented by the American Federation of State, County and Municipal Employees (AFSCME) may strike beginning today, Oct. 18, unless a labor contract agreement is reached.

"Lane County remains committed to maintaining the highest level of service delivery possible for our community during a strike," said Devon Ashbridge, public information officer. "There are some services that will need to be adjusted if a strike occurs. We

want our community to know that we are planning carefully in order to minimize the impact to the many people who rely on our services."

Visit [www.lanecounty.org](http://www.lanecounty.org) for a detailed list of service changes that would be implemented if AFSCME employees strike.

In the Florence and Mapleton areas, the most direct impact will be in a reduction of hours at Lane County Waste Management, which would be closed Sunday through Tuesday, and open only to commercial dumping Wednesday through

Friday from 10 a.m. to 3 p.m. Public dumping would only be open on Saturday, from 10 a.m. to 3 p.m. Information will be updated as needed.

Community members with questions about affected services are encouraged to call the hotline at 541-682-3977. The hotline is open between 9 a.m. and 4 p.m., Monday through Friday, until resolution is reached or until the strike ends.

Lane County has been working with AFSCME leaders since March 1 to come to an agreement on updated

terms for a three-year contract (2017-20).

The county has made a proposal that is similar to contracts already accepted by five other employee labor organizations at Lane County.

While Lane County is committed to reaching an agreement that balances providing competitive wages and benefits with being responsible stewards of taxpayer resources, it is also actively preparing for a strike.

Information about the labor negotiations process itself is available at [www.lanecounty.org/contractupdates](http://www.lanecounty.org/contractupdates).
