

LANE COUNTY RECYCLES

Check out these facts and get motivated to start making a difference

LANE COUNTY RESIDENTS TAKE RECYCLING SERIOUSLY. IN HONOR OF EARTH DAY, HERE ARE SOME RECENT EXAMPLES OF HOW RECYCLING IMPROVES OUR FUTURE:

**RECYCLED
94,000
TONS**

In 2014, Lane County citizens and businesses recycled just under 94,000 tons of resources.

This resulted in a reduction of 247,532 metric tons of carbon dioxide equivalents.*

**REDUCTION OF
247,532
METRIC TONS
OF POLLUTION**

WHICH EQUALS 1,327 OR 52,112

passenger cars from roads for a year*

ACROSS OREGON

Oregonians' recycling efforts nearly offset the emissions of the air travel of all Oregonians to all destinations in the same year!**

* Data compiled using the Environmental Protection Agency's (EPA) Waste Reduction Model (WARM) tool, www.epa.gov/warm.

** Data compiled by ODEQ using 2010 Material Recovery and Waste Generation Report and Table 4.1 of "Oregon's Greenhouse Gas Emissions Through 2010: In-Boundary, Consumption-Based and Expanded Transportation Sector Inventories," ODEQ, ODOE and ODOT July 18, 2013.

Environmental Management Advisory Committee (EMAC)

The Environmental Management Advisory Committee (EMAC) serves to inform the public and the City Council on issues concerning solid waste management, fees, and service provider licensing. EMAC also strives to improve public knowledge on conserving energy and material resources, promoting resource recovery (i.e. yard debris), and protecting the health of the environment through public disposal events and programs, including biosolids.

EMAC consists of nine members, of which the majority must be residents of the City. Members serve for a term of three years with a term expiration on January 31st.

EMAC meetings are held on the third Thursday of every month but less frequently in the summer. For more information about the committee and its meeting times please contact Wendy Farley Campbell: wendy.farleycampbell@ci.florence.or.us or call 541-997-8237.
