 6 39.58 19.00 B R. Parker - C. Lugg
 7 39.58 19.00 C P. Klingensmith - B. Klingensmith

Hike from 1B

depart. No additional post-hike activities are planned.

To avoid hazardous traffic congestion, there will be no shuttle service this year to or from the grotto and no parking allowed at the Kittel driveway where it meets Highway 101. All hikers should plan to arrive

and return on foot.

Drop-in Candlelight Vigil

For anyone — hiker or non-hiker — who would like to honor Amanda's legacy, her people and their own hope for peace in the new year, Yachats' Little Log Church will hold a drop-in candlelight vigil from 10:15 a.m. to 1 p.m. Everyone is invited to stop by, light a candle and take time to focus

on their intention for peace within themselves and throughout the world.

It is through the Tribes and the community's endeavors with the Amanda Trail that many have become more aware of the great need to acknowledge the wrongs of the past and to be more conscious of the need to treat people of all cultures throughout the world with

honor, dignity and respect.

In the event of heavy rain and/or winds exceeding 25 mph, the hike will be cancelled. However the Little Log Church's candlelight vigil will take place no matter what the weather.

For more information visit Yachats.trails.org or call 541-547-3640.

Fishing from 1B

• Trout fishing is closed in streams and will reopen May 22, 2018.

SIUSLAW RIVER: Steelhead, Chinook

A few winter steelhead are starting to be caught in the lower river.

Fall Chinook fishing has been slowing down, but a few fish are still available. Anglers are reminded that there is no wild coho salmon retention in 2017.

NORTH COAST LAKES:

Trout stocking is complete for the year. Cape Meares, Town, Coffenburg, Lost and Sunset lakes were stocked with "trophy" rainbow trout in late September.

Cedar Creek Hatchery has stocked over 160 surplus sum-

mer steelhead in Town Lake near Pacific City so far this fall.

These fish get fairly active in the lake and offer a unique fishing experience. Once in the lake they are considered "trout" and do not require a Combined Angling Tag.

Anglers are reminded, however, that only one trout per day over 20-inches may be retained, and these fish will all be in that size range.

MID COAST LAKES:

Olalla Reservoir has been stocked with about 100 surplus summer steelhead this season. These fish get fairly active in the lake and offer a unique fishing experience.

Once in the lake they are considered "trout" and do not require a Combined Angling Tag.

Anglers are reminded, how-

ever, that only one trout per day over 20 inches may be retained, and these fish will all be in that size range.

Mid coast lakes been stocked with trout throughout the spring. Trout stocking has ended for the year but there

still should be fish around to catch.

ALSEA RIVER: Steelhead, Chinook

Fall Chinook fishing is slow to fair. Anglers are reminded that there is no wild coho salmon retention in 2017.
