WEST LANE TRANSLATOR Inc.

Providing FREE over-the-air television to Florence since 1959

DID YOU SCAN?

On December 7th, WLT successfully migrated three of our HDTV signals to new channels in accordance with FCC requirements. This move necessitated that viewers who wish to continue to receive all five translator channels set their receivers to "rescan" the band to discover and index the new channel assignments. It is only necessary to do this rescan one time, after which, your receiver will remember the new channel assignments and reception of the network stations will be exactly as it was before the change.

More information, including some background for the reason behind the change may be viewed at our web site:
