The Flower Basket in Cottage Grove offers tips for finding good florists

The Flower Basket Clothing & Gift Boutique has been in business since 1984 and would like to be your florist in the Cottage Grove area. It has a design staff with more than 75 years of combined experience to create just the right arrangements for any upcoming occasion. Friendly staff would like to welcome you into the store and help you with all of your floral and gift needs.

Here is a selection of tips for choosing your own florist:

- Look for a florist with quality products and good selection. The flowers should be fresh, the colors should be rich and the plants should look healthy. A florist with a larger stock of flowers normally rotates their flowers more often to keep fresher products on hand.

- A good florist is highly creative. Their artistic expression should show throughout the shop.

- Aside from creativity, a good florist also knows how to establish a relationship with you, the customer. Your personal florists will normally be involved in many significant times in your life such as weddings, proms, births and deaths. When you establish this type of relationship with your florist, they

will be able to help you during these happy and sad times with good advice.

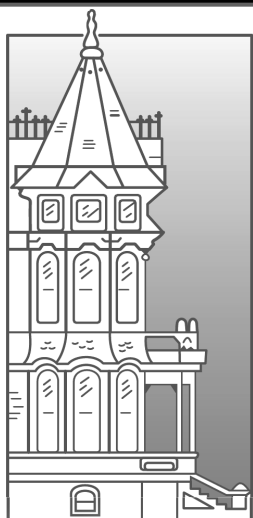

- A good florist should remember the types of bouquets or arrangements you prefer and also keep track of your occasions and addresses with the help of modern floral technology.

- Another vital part of the business is the service. The florist must have their establishment at a location that is clean and easily accessible, and they should be open at convenient hours.

- A florist should also have a professional opinion ready, just in case customers have a hard time deciding what they want. In addition to having quality flowers, a florist should have other products available, such as decorative containers, vases, plants, home décor items and other gifts.

- A great florist will have years of experience and many returning customers. It's really great to find an exceptional florist that you can always come back to whenever the occasion calls for it.
