## Renew wedding vows at Little Log Church

The Little Log Church and Museum in Yachats will present its annual Ceremony of Renewal and Commitment on Wednesday, Feb. 14. This will be the 23rd year the Log Church will be offering couples the opportunity to renew their vows in a group setting.

Both married and unmarried committed couples are invited to attend.

This year the Log Church will offer the ceremony at two times — once at noon and again at 5:30 p.m.

Mary Crook, the independent minister who has facilitated the event since 1996, reports that hundreds of couples have come to Yachats to renew their vows over the years.

"For some couples it is a first-time experience; for others it has become an annual tradition — something fun and meaningful to do on Valentine's Day," she said.

This year her theme will be "Creating a Vision."

Popular local guitarist Richard Sharpless will play a selection of romantic pieces at the noon ceremony.

### The Little Log Church in Yachats, Ore.

Violinist Ruth Mock, also of Yachats, will provide music for the group at 5:30 p.m.

In addition, each couple will be given a certificate as a memento of the occasion.

The Valentine's Day vow renewal has become a popular fund raiser for the Little Log Church. A donation to the museum of \$10 per couple is suggested.

Since space is limited, reser-

ervations are required. For reservations, couples should call Crook at 541-547-4547.

The historic Little Log Church has been a landmark in Yachats for nearly 90 years, and houses historic artifacts as well as being host to many weddings, artistic events and small concerts. It is located at the corner of SW Third Street and Pontiac in the heart of town.

## Travel Lane County Achieves Industry Accreditation

Travel Lane County was awarded with the Destination Marketing Accreditation Program (DMAP) seal by

Destinations International in recognition of the organization's commitment to industry excellence and meeting the

industry standard for performance and accountability of destination organizations around the world.

Recognition of Travel Lane County's DMAP accreditation will occur on the Destinations International Annual Conference in Anaheim, California in July 2018.

"We're thrilled," noted Kari Westlund, President/CEO of Travel Lane County. "Achieving DMAP accreditation is a testament to the hard work of Travel Lane County staff and quality oversight by our board of directors. We are committed to maximizing the investment made by the lodging sector and Lane County in growing the local economy."

The accreditation program requires a destination organization to successfully comply with a multitude of mandatory and voluntary standards that span a variety of performance areas to gain this momentous achievement. The standards cover nearly all aspects related to the management and marketing of destination organizations including governance, finance, human resources, sales, communications, destination development and research.

Travel Lane County joins the ranks of over 200 destination organizations who have obtained DMAP recognition.

"By achieving DMAP accreditation, these destination organizations have demonstrated that they have developed strategies for their marketing and sales in addition to the policies and procedures to safeguard the use of public dollars," said Virginia J. Haley, CDME, DMAP Chair and President, Visit Sarasota County.

Destinations International (formerly Destination Marketing Association International) is the world's largest resource for official destination organizations, convention and visitors bureaus (CVBs) and tourism boards. Destinations International is about serving destination marketing professionals first and foremost.

Together with more than 4,700 members and partners from nearly 600 destinations in approximately 15 countries, Destinations International represents a powerful forward-thinking, collaborative association; exchanging bold ideas, connecting innovative people and elevating tourism to its highest potential.

**PIZZA DELIVERY BOXES**

PIZZA BOXES are made from corrugated cardboard, however the cardboard becomes soiled with grease, cheese, and other foods once the pizza has been placed in the box. Once soiled, the paper cannot be recycled because the paper fibers will not be able to be separated from the oils during the pulping process.

The only locally owned & operated garbage company in Florence.

We provide full service trash & recycling removal for commercial & residential accounts.
