Winter travel safety tips from Oregon State Police

With the potential for more weather and hazardous road conditions ahead, the Oregon State Police (OSP) recommends the following travel safety tips:

- Expect the unexpected. Be informed and prepared when traveling on highways and roads.

- When traveling anywhere, plan ahead and take known routes if possible. For road conditions in Oregon, call 5-1-1 or 800-977-6368).

TripCheck.com provides information on road and weather conditions, incidents and traffic delays, and links to numerous cameras on many mountain passes and major routes.

- Take the time to keep up on current and future weather conditions in the area you are traveling, especially if going to or through higher elevations and mountain passes, areas where your vehicle needs to

have appropriate traction tires or devices.

- Prepare an emergency kit to place in your car for longer trips and keep track of how much fuel is in your tank.

- Let friends and family know what routes you plan to take when on a trip; update them if these plans change.

- Drive to the conditions. If it's icy or wet, increase your following distance and reduce your speed. Use your headlights to improve not only your visibility, but also so others can see your vehicle.
