

Oregon Pacific Bank

Oregon Pacific Bank (OPB) is proud to be the local community bank for its friends and neighbors, offering value that extends far beyond financial services. Headquartered in Florence, Ore., since 1979, it is the oldest community bank in Lane County.

At its roots, OPB is committed to aiding the growth and development of the communities it serves by investing local deposits directly back into the lives, homes, and businesses of its fellow community members. The benefits of choosing to bank local reach far beyond personal service and staff remembering you by name each time you walk through the doors. In addition to offering competitive financial services, OPB is proud to contribute to the social and economic success of our community.

Taking this to heart, OPB's Residential Lending team is committed to serving the housing needs of its neighbors and watching the community grow. The team's knowledge of the local real estate market, blended with in-house decision making, allows OPB the creativity to find the right solution for our clients.

If you would like to learn more about OPB's local mortgage lending options, visit OPB online at www.opbc.com/mortgage-loan-programs. You can also contact OPB's local lending officers directly by contacting Kim Erickson, VP and Manager of Residential Lending, at 541-902-9807 or kim.erickson@opbc.com, or Maree Beers, Residential Loan Officer, at 541-902-9815 or maree.beers@opbc.com.

Oregon Pacific Bank is a member of the FDIC and an Equal Housing Lender.

Kim's Dips

Kim's — pronounced kee-mohz — Gourmet Dip Mixes are made fresh and packed locally at its Beaverton location. The gourmet mixes are made from 21 different blends of herbs and spices. The mixes are very versatile and can be used to make dips, sauces and spreads.

Please come by the booth for taste samples and use your home show coupon for savings!

Integrity Home Heating

Integrity Home Heating is a locally owned company, offering a variety of options to meet your heating and cooling needs.

We carry a full line of heating and cooling products, including heat pumps, gas furnaces, air conditioners and ductless heat pumps. We offer a

wide range of equipment from base efficiency ratings to the most efficient systems available on the market today. We have the ability to do custom ductwork, zone existing homes — from one room to multiple zones throughout — and to repair existing ductwork systems.

We are residential retrofit specialists. We have extensive hands-on experience in all types of residential applications. Our installation team has over fifty years of combined experience in residential work. This is all we do! In addition, our journeyman installers are regularly factory trained and certified to be sure we are always current with the installation requirements of today's demanding equipment.

We are a Utility Program Qualifying Contractor with all of the local utility companies in the surrounding area, including: EWEB, SUB, Lane Electric, EPUD, Blachly-Lane and NW Ductless.

We know the program offerings and the efficient heating systems that qualify; designed to make your home more energy efficient and therefore reduce your utility costs.

We treat people the way we like to be treated. We don't use the old fashioned, high pressure sales techniques of the past. In fact, we don't use any "techniques" at all! Here's our simple, no pressure, honest approach:

- Our sales professional will come to your home to gather information and listen to your needs.
- They'll leave, prepare a written proposal based on the information gathered during the visit, then schedule with you a time to return.
- They'll return as scheduled, present the information in the proposal, answer any questions you may have, then leave! We understand this can be a decision that needs to be discussed within the

household, and respect the fact that an immediate answer may not be possible.

We're respectful. We take pride in our work. We don't take lightly the fact you've allowed us into your home.

The first step is to schedule an in-home visit to discuss your needs.

Call Kevin today, 541-520-6227 to schedule your free in-home assessment.

N-Hance Wood Renewal

Get it all with N-Hance Wood Refinishing.

N-Hance Wood Refinishing uses proprietary products designed specifically to withstand cabinets' daily wear and tear. The ultraviolet light curing technology seals in a hardened finish — so it lasts. And it's done quickly, minimizing your kitchen's downtime and family disruption.

Our innovative process offers much higher quality and durability than just

painting your cabinets and more convenience with a lower cost than traditional kitchen remodels. This will give you beautiful, refinished cabinets with money left to update countertops, backsplashes or appliances. Refinish without compromise.

N-Hance can help with any wood refinishing need: cabinets, hardwood floors, exterior and interior doors, built-ins, stair parts, moldings, trim and furniture. Beyond wood refinishing: granite.

Typically, our cost is about 1/2 to 3/4 the cost of re-facing, and much, much less than replacing cabinets.

Visit our website at www.nhance.com/eugene and find us on Facebook. As always, feel free to call with questions or to set up an in-home consultation at 541-222-9663.
