

Siuslaw Broadband

Over the years, Siuslaw Broadband has pushed the limits of wireless technology to deliver better internet, all while doing it with some of the best customer service possible. In fact, the Florence-based company is the only ISP to have ever been nominated (and won) for Excellence in Customer Service at the Siuslaw Awards.

2018 is going to be another year of pushing leading edge technology, as Siuslaw Broadband has launched its fiber-to-the-home project, Hyak.

With Hyak, Siuslaw Broadband is installing fiber cables in the Pacific View Business Park and some of the

residential areas around it. All said and done, it is wiring up just over 300 homes and business with 1gig (that's 1,000 megabytes) and 10gig internet. And yes, that means the company is digging up some streets, sidewalks and utility easements all in the name of bringing crazy fast internet to Florence.

The 1gig residential package will be \$49.99/month, the cheapest fiber-to-the-home network in the state of Oregon and one of the cheapest in the nation.

Siuslaw Broadband's 300+ home

pilot project is designed to test the waters with the technology and work through the barriers with the City of Florence, H O A s , land owners, business owners and tenants. While the installation of the

fiber is quite a large undertaking, the long-term benefits of having gigabit internet in the area are tremendous. According to the Fiber To the Home Council of America, the average home with a fiber connection will see its value go up by nearly \$5,000. Additionally, the Pacific View Business Park is now pre-wired to install fiber rapidly to new businesses entering the park. As part of its commitment to the success of Florence, Siuslaw Broadband is waiving all construction fees for any new business in the park to setup fi-

ber, which is one of the roadblocks that prevents some businesses from being able to locate in Florence. Earlier in 2017, Siuslaw Broadband merged with Full Spectrum Computers, onboarding more staff, new office space and expanded service hours. Now the combined companies are moving forward rapidly with the Hyak project and hope to serve their first customer the first week of March. Come by the Siuslaw Broadband booth at the Florence Home and Garden Show the weekend of March 3 to take a look at some of the fiber tools and technology used to deliver service and learn more about how it all works.

VENDORS from Page 7

Established in 1995, Phelps Painting, CCB No. 108724, is a locally owned and operated business and continues to offer professional service to its neighbors here in the Florence area. The company provides top-quality interior and exterior residential and commercial painting services and uses top-quality products and paints.

Phelps Painting can have your exterior looking like new. From the start, crews will wash your home before painting to remove sand, pollen and mildew. The friendly and professional crew will then scrape any loose paint, prime any bare wood, caulk around windows and trim, and then paint your home with two coats of top-quality professional paint. Phelps Painting also offers a plan to come back and wash your home every couple of years to maintain your paint job.

The company can also give your home's interior a new look. Crews can repair holes, cracks and minor dry wall repairs in walls and ceilings. Phelps will paint the interior of your home with two coats of top-quality

professional paint, making sure of color consistency. So spruce up your home's doors, trims and cabinets with a semi-gloss finish to make your home look new again.

If you want a professional paint job, call Phelps Painting, Inc. at 541-999-0603. Come see them at the Florence Home and Garden Show with questions and enter a drawing.

Polished Boutique & Salon

Polished Boutique and Salon is an adorable boutique that offers new designer women's and baby clothing along with giftables. The boutique is a wonderful complement to our already thriving natural nail manicures and pedicures, facials, waxing, microdermabrasion, massage and full body polish treatments.

Come sip on a cold or hot beverage and shop Polished's apparel, accessories and gifts at the location at 4969 Highway 101 in Florence, just north of Fred Meyer. There's something for everyone.

Reed Fencing/ Barter Mover

Reed Fencing and Barter Mover officially merged December 2017 and now offer customers more options in making their homes exactly

the way they want them.

The merged business strives to be as versatile as possible to provide customers with more options. From moving services to construction, painting, brush removal, landscaping, and many custom projects now including wood, chain link, rod iron, or vinyl fencing and large gate systems, Barter Mover has the skills to fit your needs. One of the company's goals is to allow customers to make one call and let Barter Mover do it all, rather than piecing jobs together with multiple contractors.

A crew of talented individuals will make whatever vision you have become reality. If you have an idea, big or small, talk with Barter Mover. They will sit down with you and make your ideas come to life.

As an expert in the moving and storage industry, Barter Mover offers a wide range of options for families on the move. The company is also open to bartering goods and services.

For more information, visit www.bartermover.com.

Rhino Ceramic Coatings of Oregon

Welcome to the New Age in ceramic coatings. For over a decade, Rhino Shield by Rhino

Ceramic Coatings has pioneered the development and installation of ceramic elastomeric wall coating technology.

Rhino Shield breaks the perpetual exterior painting cycle with its proprietary and revolutionary ceramic coating system, hence our slogan "Never Paint Again!" and "It's Not Paint."

Rhino Shield eliminates frequent house repainting. It looks like exterior latex paint but dries to an 8 to 9 times greater mil thickness and is available in an endless array of colors. It also meets or exceeds all the key tests for coating durability and performance and has been tested by BASF labs.

Rhino Shield contains low VOCs and is nontoxic, low odor and nonflammable. It also waterproofs your home or building and helps prevent mold, mildew and algae growth. It allows natural water vapors to escape due to its superior breathability properties, thus preventing coating breakdown.

In addition, Rhino Shield works on virtually any surface including wood, stucco, HardiePlank, brick and block.

Visit our Rhino Shield booth at the Home Show and check out our website www.rhi-

noshieldor.com. Call 541-888-5458 for more information.

Sand Ranch

Time to give your garden a little TLC?

The Sand Ranch offers a wide selection of bulk landscaping materials to help you transform your yard into a welcoming and tranquil respite from the outside world. From green waste disposal to the finishing touches of compost, soil, bark, cobble stones and boulders, The Sand Ranch has materials such as sand and gravel for your walkways, driveways and pot holes, too.

Various yard art is also available, including beautiful lapidary-quality rock, ironwork, redwood planters and more.

The Sand Ranch is your local landscape material supplier.

We deliver to your job site, home and office. Quality products. Dependable. Affordable. Great Staff.

We are located at 5351 Highway 101, a half-mile north of Fred Meyer, behind Sand Master Park.

Call us at 541-991-3110 or stop in Monday through Friday from 8 a.m. to 5 p.m., or Saturday from 8 a.m. to 2 p.m.

Scentsy

The distinctive Scentsy Warmers melt specially formulated wax with the heat of a low-watt light bulb or heating element, and enhance your home with more than 80 fragrances safely, with no flame, smoke or soot.

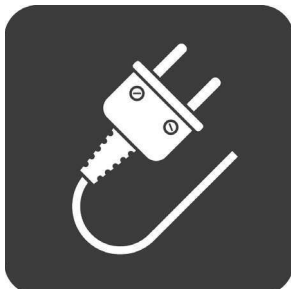

Each warmer is designed by Scentsy and is made of high-quality ceramic, porcelain or glass.

A Scentsy Bar is a block of fragrant wax. Scentsy uses a custom, high-quality paraffin wax blend and fragrant oils to achieve the highest quality and longest-lasting bar. Scentsy bars are safer than wicked candles because no flame is required for the wax to melt and release fragrance.

Since the wax is warmed and not burned, as with traditional candles, no harmful chemicals or pollutants are released into the air. With Scentsy, there is no flame, smoke, soot or lead.

Just plug your Scentsy warmer in and turn it on. Place one or more section of a Scentsy Bar into the warmer dish and enjoy.
