Siuslaw Chapter of American Rhododendron Society

The Siuslaw Chapter of the American Rhododendron Society welcomes you to "The City of Rhododendrons," Florence, Ore., located on the magnificent central Oregon coast. The region is home to some of the most beautiful rhododendrons in the world.

People might be interested in how to grow and maintain rhododendrons and azaleas. The Siuslaw Chapter of the American Rhododendron Society meets the third Tuesday of every month at the Presbyterian Church of the Siuslaw, 3996 Highway 101, Florence, OR 97439. Doors usually open at 6:30 p.m. and

the meeting starts at 7 p.m. The evening's activities are usually talks about rhododendrons and azaleas, their culture and care and companion plants. The Siuslaw Chapter is a very social and friendly group of couples and singles.

In addition, the chapter holds two flower shows a year to feature early and late blooms. It is the only chapter of 70 worldwide chapters that hosts two, two-day shows that are free to the public. The chapter initiated the "Search for the Native Macrophyllum" project, which is locating as many outstanding varieties as possible of the native rhododendron, the R. macrophyllum, along the Oregon coast. The chapter is taking cuttings and seeds from these plants and will plant them in Gallagher Park to help

preserve these natives.

Visit the chapter on Facebook, Coastal Rhododendrons, and stop by the booth at the Home and Garden Show to win a free rhododendron. One drawing every hour.

Spiritopia Liqueurs

Spiritopia is a craft distillery based in Corvallis that specializes in liqueurs and brandy. This family-owned business was founded by Spirit Chemist Chris Beatty five years ago and now has four products: three liqueurs — ginger, apple and pomegranate — and a Bourbon-Style Apple Brandy. The ginger liqueur is very popular and won a Best of Show/Double Gold Medal at the Seattle International Spirits Competition in 2016. The apple liqueur is made from 100% Pacific

Northwest apples with over 60 apples going into each bottle. The pomegranate is our newest product and features fresh, bright fruit from California and our apple brandy as the base spirit.

Our brandy is quite different from the liqueurs. It is a "cask strength" brandy that is bottled at 104 proof. After distilling on a small pot still, the brandy is aged in charred American oak which gives it a whiskey-like taste profile. For those who enjoy sipping Bourbon, Cognac or other whiskies, this may be your new favorite.

Come to the Home and Garden show to taste samples, or visit www.spiritopia.com for more information and cocktail recipes.
