## STEP to feature expert speaker on invasive species

The invasive plants and animals are coming to a beach or bay near you. A list of invaders that are already in Oregon

include: American Bullfrog, Asian Carp or Silver Carp, Chinese and Japanese Mystery Snails, Mitten Crab, Common Snapping Turtle, Feral Swine, New Zealand Mud Snail, Northern Snakehead Fish, Oriental Weather fish, Red-Eared Slider Turtle, Rusty Crayfish, Zebra Mussel and Quagga Mussel.

Megan Douglas with ODFW Invasive Species Program will make a presentation on those and other invaders; what ODFW is doing to stop the invasion; and what others can do to keep them out of Oregon.

Florence STEP meetings are held the first Wednesday of every month in the back room of the Florence Elks club beginning at 7 p.m.

The public is always welcome to STEP meetings.

For more information, call Ron Caputo at 541-997-4961.

## Crabbing from 1B

liquid. It is recommended to discard the cooking liquid, and do not use it in other dishes, such as sauces, broths, soups, roux, etc. The consumption of crab viscera is also not recommended.

ODA and ODFW will continue monitoring marine toxins in crab and shellfish to ensure that the concentrations remain below the alert level.

For more information, call ODA's shellfish safety information hotline at 800-448-2474 or visit [www.oda.direct/ShellfishClosures](http://www.oda.direct/ShellfishClosures) for the latest on ODA shellfish closures.
