

It's not just about exploring the future ...

It's about helping them build it.

## Help Us, Help Them

*Become* ... A marine biologist, an astronaut, an all-star athlete, a kind, respectful, contributing member of our community.

If kids can dream it, the Boys & Girls Club will help them become it.

**We show up for, believe in, care for, & mentor every child, every day**

Throughout the year, we are given the gift of amazing kids who come into our Club every day and share with us their stories of determination, triumph, and perseverance. Won't you please join us and help give the *gift of a great future* to the kids in Florence.

**GREAT FUTURES START *HERE*.**

**BOYS & GIRLS CLUB**  
OF WESTERN LANE COUNTY
