## GEM WALKERS NAME JUNE JAUNT

The Coastal Gem Walkers' jaunt for June will include a path through Newport's Historic District and Yaquina State Park.

The Yachats Coastal Gems walking group invites anyone to join the group on its next walk, Tuesday, June 5, in Newport. This walk circles the town of Newport through Old Town, along the Bay Front, past Yaquina Bay Lighthouse and through Yaquina Bay State Park.

There is a 1-mile beach option available at lower tides.

Dogs are allowed but must be on a six-foot non-extendable lead to walk with the group and owners must carry and use appropriate cleanup materials.

The 3- and 6-mile walks have varied walking surfaces and a few mild hills. Walking sticks and sturdy shoes recommended.

Walk at your own pace.

Call Maryann at (541) 961-4279 for more information or email yachatscoastalgems@gmail.com. The Yachats Coastal Gems will meet inside the Hallmark Resort, 744 SW Elizabeth St, in Newport.

Walkers meet at 9:45 a.m. for registration, then start the walk at 10 a.m.

Use street parking when possible.

Let Paul show you a new car or truck. Stop by today!

**Clockwise from top left: freshmen Jozzy Roby, JJ Neece, Phillip Burnett and senior Cole Spencer competing at this year's district meet. Each qualified for last week-end's state meet at Hayward Field in Eugene.**

## Siuslaw

from 1B

Reavis will leave graduate holding school records in the discus and IAAF javelin and could still break Siuslaw's shot put record of 52-1, set in 1972 by Bruce Plaep, if he can do so by August 31 — the cut off for high school qualifying.

All told, eight more individuals and one team had top-14 or better showings at this year's state meet, all of them underclassmen.

For the girls, freshman hurder Gracie Freudenthal was fifth in the 300-meter hurdles after clocking a PR time of 46.83.

Junior Madison Reynolds

was ninth in the shot put at 33-11.75; freshman Andrea Osbon placed 11th in the discus (96-3) and 12th in the shot put (32-11.25); freshman Brea Blankenship was 12th in the 1,500 meters (5:19.04); sophomore Anne Wartnik was 14th in the 1,500 meters (5:32.04) and the relay team of Naomi Shoji, Rannow, Blankenship and Freudenthal

ran the 4x400 relay in 4:16.71 for 11th place at state.

For the boys, sophomore Brendon Jensen ran both the 1,500 meters (4:27.21) and 3,000 meters (9:37.19), finishing 13th in both events.

Freshman Ryan Jennings, competing in the 300-meter hurdles, finished 14th in 46.25.

## Fishing

from 1B

the Siletz River.

- It's worth repeating, trout fishing has been amazing on Diamond Lake.
- Lost Creek Reservoir will be stocked with 10,000 rainbow trout this week.
- The spring Chinook run is getting serious on the North Fork Santiam.

• Henry Hagg Lake and North Fork Reservoir will be getting 10,000 trout this week — Each!

• The Powder River below Mason Dam has been stocked with 9,000 trout.

• Spring Chinook fishing is heating up on the Umatilla River.

**Salmon**  
 May/June means spring Chinook in rivers and basins

from Tillamook south to the Siletz. By August attention turns to fall Chinook and coho. There is a rare opportunity to fish for chum salmon (catch-and-release only) on the Kilchis and Miami rivers beginning in mid-September.

### Steelhead

These ocean-going rainbow trout are divided into two runs: winter and summer. For those that prefer frostbite to sunburn, winter steelhead begin entering area rivers and streams from November and December (depending on the timing of the fall rains) and runs can continue through April.

Summer steelhead returns begin in early April to early June in the Nestucca, Siletz, Trask and Wilson rivers. Summer fish will continue to arrive through late summer and early fall, sometimes overlapping with winter returning fish.

### Trout

Cutthroat trout live in these coastal rivers and streams. Although resident fish may be small, they are feisty and fun

to catch. Fishing these cool, shaded waters also can provide a welcome respite from the summer heat. In late summer, look for sea-run cutthroat to migrate from the estuaries back to freshwater to spawn. These can be large, hard-fighting fish.

Dozens of lakes and ponds throughout the zone are stocked with rainbow trout from February through May and, for some, again in October.

### Warmwater Fishing — South Coast

The south coast area extends along the Oregon coast from Yachats south to the Oregon-California border.

The area offers some of the most productive and scenic warmwater fishing in the state with excellent fishing for bass and panfish available in large waters such as Mercer Lake, Siltcoos Lake, and Tahkenitch Lake.

Tenmile Lakes located south of Florence is renowned for its crappie and trophy bass fisheries, and the site of bass tournaments.
