

# OREGON COAST Florence

Area Chamber of Commerce

## THANK YOU!

Special thanks to all the volunteers, sponsors, and supporters of the Historic Old Town flower basket project. The Downtown Revitalization Team, a committee of the Florence Area Chamber of Commerce, started work on this project well over three years ago. The flower basket project is a collaboration involving the Chamber, Florence Urban Renewal Agency (FURA), City of Florence Public Works, and private individuals/businesses. The Downtown Revitalization Team coordinated the project; the Chamber is funding the watering and maintenance which is provided by the City of Florence Public Works; FURA provided funds for the brackets on the streetlights; and the 45 baskets were sponsored by private individuals and businesses.

### DOWNTOWN REVITALIZATION TEAM
