restricted to artificial flies and lures through Aug 31. **SALMON RIVER:** Cutthroat trout Trout fishing in streams and river opened May 22. Fishing is restricted to artificial flies and lures through Aug 31. **SILETZ RIVER:** Steelhead, spring Chinook, cutthroat trout Summer steelhead are in the river. Fishing is slow but will improve over the coming

weeks. The river is in good condition. Casting spinners, drifting bait or using a bobber and jig can be effective. Spring Chinook are available in the Siletz. Be aware of the regulations for the Siletz, 1 wild Chinook per day and two for the season now through July 31. Trout fishing in streams and river opened May 22. **Note:** The 3.5 mile bridge (aka Steel Bridge in the Siletz gorge is now open to motorized vehicles, but is only open

to public vehicles on the weekend. Anglers can walk/bike in the road during the weekdays. If anglers do walk in they can park at the one mile gate and start from there. **WILSON RIVER:** Steelhead, spring Chinook, trout Summer steelhead are starting to show up on the Wilson River, and the run will continue to improve over the next month or more. Low clear water can make fishing for summer steelhead challenging, but there can be some good

action. Drift fishing, spinners, and flies are good choices. Light line, small presentations, and fishing the riffles and deep pools at first and last light can increase success. There are still a few spring Chinook available in the Wilson River, although numbers will be low. Bobber and eggs or sand shrimp, drift fishing, back bouncing, and divers and bait are all good techniques for springers; these fish can be finicky but are worth the effort.
