Lane County to host free plastics round-up for county residents

Lane County Waste Management is hosting a free plastics roundup for clean #2, #4 and #5 (Polyethylene and Polypropylene) tubs, jugs, bottles, lids and beverage handles at Glenwood Transfer Station on Sunday, Sept. 30.

Collected plastics will be taken to Denton Plastics and made into resin that can be used in new products. The resin from recycled plastics is used to make products such as park benches and decking, flower pots and electronic component parts.

Residents are encouraged to collect #2, #4 and #5 plastics that are clean, free of debris and sorted by resin identification code (chasing arrow number).

Any contamination (wood, dirt, rocks, metal, food, etc.) can damage the equipment that processes plastics.

If there is no resin identification symbol or number on the plastic materials, it will not be accepted.

Michelle Le Blanc, a Master Recycler, is coordinating efforts in Florence to bring as much plastic waste as possible to the Glenwood Station. Only specific #2, #4 and #5 plastics can be accepted at this time, and they must be clean and dry. Plastics will be accepted until Friday, Sept. 28.

Call Le Blanc for more information 541-997-1275.

Forest Service to begin accepting applications for spring, summer work positions

The USDA Forest Service will be accepting applications for over 1,000 seasonal spring and summer jobs in Oregon and Washington from Sept. 17 through Oct.12.

Positions are available in multiple fields, including fire, recreation, natural resources, timber, engineering, visitor services and archaeology.

“Seasonal employment with the Forest Service is a great way to give back to communities, learn new skills and perform meaningful work,” said Acting Regional Forester Dianne Guidry. “If you are interested in working with a dedicated team of people who take pride in managing our national forests, we encourage you to consider joining the Forest Service.”

Applications must be submitted on www.USAJOBS.gov. Interested applicants are encouraged to create a profile on USAJOBS now to save time once the hiring process begins.

Individuals interested in finding more information about a specific position should contact the National Forest where the position is hosted. Most current and upcoming Forest Service job opportunities across the nation can be found online at www.fsoutreach.gdcii.com/Outreach.

More information about seasonal employment in the Forest Service’s Pacific Northwest Region can be found at www.fs.usda.gov/main/r6/jobs.

The Forest Service is an equal opportunity employer. The mission of the Forest Service is to sustain the health, diversity and productivity of the nation’s forests and grasslands to meet the needs of present and future generations.
