LOCAL REGION

MID COAST LAKES: Stocking of mid coast lakes stopped in early June, but fishing for warmwater species can still be good in several area lakes, including Ollala Reservoir, Mercer Lake, Siltcoos Lake and Tahkenitch Lake.

SIUSLAW RIVER: Cutthroat trout, fall Chinook

Fall Chinook fishing on the Siuslaw river/bay opened Aug. 1, a few fish are being caught low in the system but overall fishing has been slow. Expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into September. Best techniques include trolling herring/spinners and bobber fishing with bait.

Sea-run cutthroat will begin entering the lower river later this month and into the fall. These fish are very aggressive, respond well to flies and lures, and can be up to 20-inches long.
