Siuslaw: 6 Santiam Chr.: 36

The OSAAToday No. 8-ranked Santiam Christian Eagles used a one-two punch with quarterback senior Luke Janssen and freshman Ely Kennel to hand Siuslaw its fifth loss during last Friday's homecoming game at Hans Petersen Field.

The Viks went scoreless throughout the first three quarters before stringing together a 63-yard drive in the fourth quarter that put Siuslaw on the 1-yard line.

From there, freshman runningback Camp LaCouture forced his way into the end zone for the touchdown.

Unfortunately, the Viks' kick for the extra point failed, providing the final score, 36-6.

A WEEKLY
FISHING REPORT FOR THE
LOCAL REGION
www.dfw.state.or.us/RR

MID COAST LAKES:
Stocking of mid coast lakes stopped in early June, but fishing for warmwater species can still be good in several area lakes, including Ollala Reservoir, Mercer Lake, Siltcoos Lake and Tahkenitch Lake.

SIUSLAW RIVER:
Cutthroat trout, fall Chinook

Fall Chinook fishing on the Siuslaw river/bay remains open. A few fish are being caught low in the system but overall fishing has been slow. Expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into October. Best techniques include trolling herring/spinners and bobber fishing with bait.

Sea-run cutthroat will begin entering the lower river later this month and into the fall. These fish are very aggressive, respond well to flies and lures, and can be up to 20-inches long.

ALSEA RIVER:
Cutthroat trout

Fall Chinook fishing on the Alsea river/bay remain open. A few fish are being caught but overall the fishing has been slow

Concentrate your efforts low in the estuary and close to the ocean to catch the fish moving in and out on the tides. Expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into October. Best techniques include trolling herring/spinners and bobber fishing with bait.
