

Siuslaw from 1B

sophomore Gracie Freudenthal (22:07.4) for 48th, and Shoji in 51st place with her PR time of 22:17.4.

Tomorrow, Siuslaw will host the annual Run for the Brownies at Florence Golf Links, beginning at 5 p.m.

Siuslaw will take the week off before traveling to Lane Community College in Eugene for the Sky-Em District meet on Thursday, Oct. 25.

ATHLETE
OF THE WEEK

Brea Blankenship
Junior

CROSS COUNTRY

Highlight: Brea Blankenship is this week's Athlete of the Week. Brea's personal record best of 19:41 flat in the 5000 meter run in the Warner Pacific XC Classic helped propel the Viking Ladies to a first place finish this past weekend. Brea trimmed 27 seconds from her previous start and 25.5 seconds from her previous personal best.

Honorable Mention
Mia Collins
VOLLEY BALL

Highlight: Honorable Mention goes to Mia Collins who had 10 kills, 9 digs and a block last week's win against Elmira.

The Siuslaw News &

Sailors from 1B

following the Sailors' touchdown, returning the ball 47 yards and into the end zone.

The conversion was denied, but Mapleton's lead had been cut to 16-6 heading into the second quarter.

On their first possession, the Sailors gave the ball up on downs, with the Warriors taking over on the 49-yard line.

North Douglas strung together a five-play drive that ended in another touchdown. On the attempted conversion, the ball was fumbled and junior Therym Schwertfeger came up with the recovery to deny the extra two points.

With their lead cut to just 4 points at 16-12, the Sailors were held to their own 25-yard line and opted to punt the ball away.

Unfortunately, the punt was blocked and North Douglas recovered, sprinting into the end zone for the Warriors' first lead of the game, 20-16, after a pass completion to score the conversion.

Mapleton was forced to punt on its next possession but was able to hold the Warriors on the 49-yard line after Moso tackled the North Douglas quarterback for a loss.

With 1:15 remaining in the half, the Sailors began a 4-play drive that garnered a crucial first down on a 4-yard carry by Moso.

On the next play, Neece claimed 12 yards for another first down, continuing the momentum to within the 16-yard line. From there, Moso breached the end zone with 51 seconds left.

Penalty calls on the next three conversion attempts

pushed Mapleton back to the 30-yard line as North Douglas held the Sailors out of the end zone to deny the extra points.

With 35 second on the clock, the Warriors completed a pair of quick pass plays to the outside, stopping the clock on both receptions and positioning themselves with 15 yards of the goal line.

On the next lay, North Douglas connected on a touchdown pass and scored on the conversion, reclaiming the lead at 28-22.

Mapleton received the ensuing kick-off with five seconds left. Moso made the catch on Mapleton's 23-yard line and immediately sprinted to the 40 before encountering the Warriors' defense. With blocking from juniors Nate Neece and Cody Soverns, Moso broke free and scored on the return to tie the game at 28-28 entering the half.

During the break, Mapleton named its homecoming court, which included: Freshmen Levi Torrence and Brier Shird; sophomores Robbie Burnett and Jordan Simington; juniors Cody Soverns and Trinity Holmes; and seniors Jade Starlight, Baileigh Johnston, Eric Hayes, Brittany Wilson, Evan Moso and Erin Michael.

The 2017 homecoming queen and king, Alexis Gierki and Dominic Wells, were on hand to crown Moso and Michael as this year's king and queen.

The second half of Friday's match-up was a near draw as both teams struggled to establish a definitive lead.

With 30 seconds left in the third period, JJ Neece scrambled from the pocket to tie the game at 42-42, but the Sailors were unable to score the con-

Mapleton senior Evan Moso breaks free for a 71-yard kick-off return for a touchdown Friday.

version.

The Warriors responded, scoring with 1 second left in the period for a 50-42 lead — and what proved to be the final score.

Friday, the Sailors will finish the regular season at Elkton, beginning at 7 p.m.

Fishing from 1B

Best techniques include trolling herring/spinners and bobber fishing with bait.

Sea-run cutthroat will begin entering the lower river later this month and into the fall. These fish are very aggressive, respond well to flies and lures, and can be up to 20-inches long.

SALMON RIVER: Cutthroat trout, fall Chinook

Fall Chinook fishing on the Salmon river/bay opened Aug. 1, expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into September. Best techniques include trolling herring/spinners and bobber fishing with bait.

SILETZ RIVER: Steelhead,

cutthroat trout, fall Chinook

Fall Chinook fishing on the Siletz river/bay opened Aug. 1, a few fish are being caught but it has been slow. Expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into September. Best techniques include trolling herring/spinners and bobber fishing with bait.

• Note: Salmon fishing in the Siletz river is closed above the marker sign approximately 1,200 feet above Ojalla bridge until Oct. 7.

Summer steelhead are in the river. Fishing has begun to slow down as stream flows decrease and water temperatures increase in the gorge.

Early mornings or late evenings provide the best opportunity to catch these fish. The

fishing will improve when we get some cooler weather or a little bit of rain to “stir” things up a bit.

Casting spinners, drifting bait or using a bobber and jig can be effective.

Sea-run cutthroat will begin entering the lower river later this month and into the fall. These fish are very aggressive, respond well to flies and lures, and can be up to 20-inches long.

Trout fishing is open in streams and river.

• **Note:** The 3.5-mile bridge (aka Steel Bridge) in the Siletz gorge is open to motorized vehicles but is only open to public vehicles on the weekend. Anglers can walk/bike in the road during the weekdays. If anglers do walk in they can park at the one-mile gate and start from there.

WILSON RIVER: Steelhead, trout

Summer steelhead are present, but it looks like numbers are down a little this year.

There are steelhead sporadically throughout the system. Low clear water and warm water temperatures can make fishing for summer steelhead challenging, but there can be some good action.

Drift fishing, spinners, and flies are good choices. Light line, small presentations, and fishing the riffles and deep pools at first and last light can increase success.

Warm water temperatures can stress fish and increase hooking mortality, so anglers are encouraged to avoid catch-and-release fishing during the heat of the day.

Sea run cutthroat are in the tidewater areas and beginning to move upstream. We’ve had reports of the fishing for them being good this summer. Spinners or flies are good bets for success.

YAQUINA RIVER: Cutthroat trout, fall Chinook

Fall Chinook fishing on the Yaquina river/bay opened Aug. 1, fishing has been slow so far.

Expect numbers of fall Chinook entering the bays and estuaries to increase later in the month and into September. Best techniques include trolling herring/spinners and bobber fishing with bait.

Sea-run cutthroat will begin entering the lower river later this month and into the fall. These fish are very aggressive, respond well to flies and lures, and can be up to 20-inches long

Trout fishing is open in streams and river. Fishing is restricted to artificial flies and lures, May 22- Aug 31.

COOS RIVER BASIN: Dungeness crab, bay clams, rockfish, trout, salmon

Streams and rivers are open to trout fishing. Trout fishing in streams and rivers is slow to due to low water conditions. Anglers can use only artificial flies and lures in streams above tidewater. The daily limit for trout in streams is 2 fish per day and they must be 8-inches or longer.

Through Sept. 30, salmon anglers with a two-rod validation will be able to use rods while fishing for Chinook salmon and hatchery Coho salmon in Coos Bay.

Recreational fishing for bottomfish is open in the ocean along with bays and estuaries.

The daily bag limit for marine fish is 4, plus 2 lingcod. The retention of cabezon is no longer allowed for the rest of the year. Fishing for rockfish and greenling inside Coos Bay near the north jetty and other submerged rock structures has been spotty this past week with good fishing one day and poor fishing the next.

TENMILE LAKES: Trout, warmwater species, largemouth bass

Trout fishing on Tenmile Lakes has slowed down with the best fishing is in the early mornings.

Anglers should focus on fishing in deeper water.

Fishing for largemouth bass has been good with the best fishing in the early mornings or late evenings. Bass are hitting top-water lures in the low light conditions and anglers are switching to plastics and deeper water.
