VIK GRAPPLERS FOURTH AT HARRISBURG

Siuslaw’s underclassman-dominated wrestling team was on the mats for the first time this season during the Deven Dawson Memorial Tournament in Harrisburg over the weekend. A total of 20 teams were on hand for the meet, giving Viking wrestlers an opportunity to mix things up with a multitude of

wrestling styles, experience levels and classifications.

“We’re a very young team and every member got a chance to see how they stack up against other wrestlers from a lot of small schools,” said Siuslaw coach Neil Wartnik. “They all had accomplishments and also met some immovable objects.”

For the team’s lone senior Riley Jennings and sophomore Brady Libby,

they proved to be the “immovable objects” all the way until the championship rounds for 170 pounds and 126 pounds, respectively.

Both Vikings went undefeated for their first three matches, including two pins and a technical fall each before being defeated in the title round and finishing second in their weight classes.

fishing report for the
local region

MID COAST LAKES:
Stocking of mid coast lakes stopped in early June, but fishing for warmwater spe-cies can still be good in several area lakes, including Ollala Reservoir, Mercer Lake, Siltcoos Lake and Tahkenitch Lake.

SIUSLAW RIVER: *Fall Chinook, winter steelhead*

Due to lower than expected returns and conservation concerns, Fall Chinook fishing on the Siuslaw remains closed upstream of the Tiernan boat ramp (down-stream of Mapleton). Below the deadline the bag limit for fall Chinook is reduced to one adult Chinook per day and a limit of 3 now through the remainder of the season. Chinook fishing continues to be slow in the open area.

All wild coho must be released for the 2018 fall salmon season.

Lake Creek, a tributary of the Siuslaw River, is closed for the 2018 fall salmon season.

Trout fishing closed Nov. 1.

Winter steelhead fishing will open on Dec. 1 and fish will start entering the Si-uslaw system throughout the month of December.

ALSEA RIVER: *Fall Chinook, winter steelhead*

Due to lower than expected returns and conservation concerns, fall Chinook fish-ing is closed on the Alsea upstream of the Hwy. 34 bridge. Below the deadline the bag limit for fall Chinook is reduced to one adult Chinook per day and a limit of 3 from Nov. 1 through the remainder of the season. Very few fish are being caught below the deadline and fishing continues to be very slow.

All wild coho must be released during the 2018 fall salmon season.

Winter steelhead fishing is just around the corner. The Alsea River is known for its early returning component that usually gets going around Thanksgiving weekend. The low water will slow migration but fish will start entering the lower river soon. The popular NF Alsea fishery does not open until Dec. 1. Bobber fishing with jigs/bait and casting lures are all effective ways to catch these hard fighting fish.
