DUII High-Visibility Enforcement results released by Florence PD

The Florene Police Department participated in extra DUII Enforcement during the Christmas and New Year holiday season.

During the month of December, the Florence Police Department arrested 7 drivers for driving while impaired, one of which was arrested during the DUII

High Visibility Enforcement (HVE) event.

During the HVE event, Florence Officers issued 7 warnings for miscellaneous traffic offenses.

The Florence Police Department will participate in another HVE event, which will take place during Super Bowl Sunday on Feb. 3,

2019.

Law Enforcement agencies throughout Oregon and the rest of the United States participate in nationwide efforts to get impaired drivers off the street.

High Visibility Enforcement, accomplished by increasing the number of officers on the streets ag-

gressively seeking out impaired drivers, is designed to deter people from driving after they have been drinking.

For more information, contact the Florence Police Department at 541-997-3515.

Health coverage enrollment remains strong in Oregon

SALEM — More than 148,000 Oregonians chose health plans for 2019 through HealthCare.gov, according to new data from the federal government.

The sign-ups came during the Nov. 1 to Dec. 15 open enrollment period, the time window when people can buy health insurance for the upcoming year.

Oregonians who enrolled in coverage during open enrollment, whether through HealthCare.gov or directly with an insurance compa-

ny, must pay their premium when they receive their January bill in order to make their coverage effective.

“Each enrollment is more than a number,” said Cameron Smith, director of the Oregon Department of Consumer and Business Services (DCBS). “It’s a family or an individual who needed health coverage they could afford and found it through the marketplace.”

The Oregon Health Insurance Marketplace, the state-level partner to

HealthCare.gov, is a division of DCBS.

“The Oregonians who signed up through HealthCare.gov confirm the value of this option for coverage and financial assistance,” said Chiqui Flowers, administrator of the Oregon Health Insurance Marketplace. “Oregon will continue to support health care consumers, helping them understand their options for affording quality coverage and assisting them with the enrollment process.”

The enrollment total is comparable to the number of enrollments during the same period last year. For 2018 coverage, 156,105 Oregonians chose health plans through HealthCare.gov.

Now that open enrollment has ended, most people will be able to buy 2019 individual and family coverage only when they have a major life change, such as getting married, having or adopting a baby, or losing other coverage.
