Coach from 1B

sudden resignation weren't given, a statement released on the program's Facebook page explained that "the program at SHS is moving in another direction" and that "A varsity head coach is no easy task, with challenges coming from all directions. "We thank coach Smith for all his hard work, his dedication and efforts to improving the lives of his

players and for his passion for the game of football." In an email The Siuslaw News, Smith said that he is willing to "bring the new coach up to speed and help them in any way I can." Smith, who is also one of the high school's physical education teachers and varsity girls basketball coach, will be continuing those positions in the fall. "I look forward to watching the program succeed in the future," Smith added in his email.

Prior to Siuslaw, Smith had been head coach at LaGrande (2014), leading the team to the state playoffs, and also for a season at Seaside (2016). Prior to Smith, the Viks had been coached by Jamin Pool from 2016 through 2017, picking up the program from Dodson, who retired in 2015 after a 6-3 season and run at a state play-off berth. Since 2016, Siuslaw has been 3-21, including 0-8 last season after dropping

to the 3A division from the 4A Sky-Em League (which Siuslaw's other sports programs continue to compete in.) Siuslaw's Athletic Director Chris Johnson and Principal Keri Tatum were working on a public statement Tuesday but it was unavailable at press time. This story will be updated online as that and other information becomes available.

many fish will be found in the shallows creating some good fishing opportunities. Siltcoos also gets stocked rainbow trout, check the stocking schedule for numbers and dates of stockings. **ALSEA RIVER:**

Cutthroat trout
Trout fishing in streams opens next week on May 22, time to get the trout gear ready; winter steelhead fishing closed for the season on April 30. **TENMILE LAKES:** Trout, warmwater species, largemouth bass

Conditions should be prime for bass, crappie, bluegill, and brown bullhead catfish angling at this time. Anglers also use small jigs or a worm on a hook fished near the bottom to catch yellow perch this time of year.
