The Garden Bug

Ikebana is Japanese flower arranging. Carefully considering the choice of flowers, stems and leaves and the relationship between all materials used (including the container's size, shape, texture and color) and the location and the occasion for its display are all important to this art. Contemporary styles have become very popular, but traditional forms hundreds of years old are still studied and practiced. — B. Weaver

MEET SUNDAY

Sunday is a laid back 3 year old gal, with plenty of love to give. She loves to explore and play, but also loves to just lounge around and enjoy the sun. Sunday has been diagnosed with liver disease, but with high quality food and medication (which she takes very easily) she is doing fantastic and enjoying life. If you're looking for a great cat with that special personality, come and meet Sunday.

WE NEED A HOME....

MEET TIPPY

Tippy is a one year old, female, lab/hound mix who loves people. This sweet girl would love a family to call her own who will take her hiking and running and to the dog-park. Tippy has been diagnosed with muscular atrophy and will need to be on medication for it, but she takes it well and it's inexpensive.
