Fun Ways To Inspire Kids' Imaginations

(NAPS)—According to numerous studies, imaginative play in childhood can be critical to cognitive and social development. Research suggests that make-believe games can increase language usage, help with self-regulation, let children express a range of emotions, and teach them to think creatively. In addition, keeping kids' brains active and engaged can help prevent a decline in academic skills during school breaks.

So with all of these benefits, how can you encourage more imaginative play? One idea is to create a prop box filled with items to spark imagination. Objects such as stuffed animals, cardboard boxes, fun clothes, and foreign coins can all inspire kids to pretend.

You can also encourage games and imaginative play that incorporate intellectual challenges. Some examples include designing the best paper air-

plane, coming up with new games using only a ball and basket, or creating an imaginary place with building toys.

To see some of these ideas brought to life, check out the delightful animated adventure "Wonder Park." The film follows June, a girl with a BIG imagination who uses her knowledge of science to create an imaginary amusement park—that ends up coming to life. Filled with the world's wildest rides operated by fun-lov-

A delightful film about a young girl who creates her own amusement park can be a great way to inspire your children's imaginations and creativity.

ing animals, the excitement never ends. But when trouble hits, June and her furry friends begin an unforgettable journey to save the park.

This "celebration of imagination," as one reviewer called it, can help your kids appreciate the power of STEM (science,

technology, engineering and math) and inspire their own creativity. Plus, the Blu-ray Combo Pack includes even more activities like a sing-along, drawing tutorials and more to keep kids busy and entertained.

As June discovers, imagination is her most powerful tool, and it can help your kids develop not only creativity, but also life skills that will last into adulthood.

Did You Know?

(NAPS)—Approximately 70 percent of sunscreens—even those labeled kid-friendly—contain harmful chemicals. TropicSport, however, is made from non-nano zinc oxide and titanium dioxide, key to safely shielding the skin from the sun's harmful rays. Learn more at www.tropic-sport.com.

Sprained ankles can be a bigger problem than many realize and should be seen and treated early on to prevent further damage. Learn more and locate a local foot and ankle surgeon at FootHealthFacts.org, the American College of Foot and Ankle Surgeons' patient education website.

Accident victims may not have to wait for insurance settlements to heal physically and financially. LawCash, a leader in presettlement legal funding, can provide needed finances before the insurance company pays up. For additional facts or to apply, go to www.lawcash.net or call (800) LAWCASH.

For their own peace of mind, home owners should get their heating and cooling systems cleaned by members of NADCA, who must comply with a strict Code of Ethics. For further facts and tips, visit <https://nadca.com/homeowners/why-hire-a-nadca-member>.

A recent poll found that 91 percent of Americans believe insurance companies should not be allowed to deny coverage for people with chronic conditions such as kidney disease whose premiums are paid by charitable organizations. For further facts, visit the American Kidney Fund (AKF) at www.kidneyfund.org/theREALstory.
