## Benefitting area kids

COURTESY PHOTO

Ron Borge, board president of the Florence Senior Center, presents a check to Linda Lauck, Public Relations Spokesperson for the Florence Food Backpacks for Kids Program. The Florence Senior Center raised \$898 at a recent Bingo fundraiser, held specifically to help fund the food support program for local students. The program currently distributes more than one hundred backpacks filled with food per week in Florence and Mapleton.

## Headstone symbology workshop at library

The Siuslaw Genealogy Society's July 17 program will educate attendees on the history of cemeteries, including how they got started and how symbology began with headstones and markers that evolved through time.

Documents to assist in understanding various symbols will be made available on the society's blog. Those documents will cover "Understanding Cemetery Symbols," a list of books and videos about

cemetery symbols, along with a handout on types of headstones.

Members Merilee Mulvey and Jacquie Beveridge will present the program.

Mulvey said that headstone symbols can provide clues to learning more about elusive ancestors and even help break down "brick walls."

Many symbols have to do with military service, fraternal membership, or religious affiliation. Often those organizations have

well documented records.

Information will also be shared about resources for proper cleaning of headstones and products that are safe to use.

All are welcome to attend, Wednesday, July 17 at 7 p.m. in the Bromley Room at Siuslaw Public Library.

For more information, contact siuslawgenealogy@gmail.com or visit www.siuslawgenealogy.org.

## Speed bumps to be installed at S. Jetty

A series of speed bumps and new road signs will be installed along a quarter-mile stretch of the South Jetty Road, within the Oregon Dunes National Recreation Area, to promote safety and traffic flow.

Installation is tentatively scheduled for Monday, July 15, and will move forward as weather allows.

During the installation process, visitors will be able to access South Jetty Road but should expect flaggers and short delays.

To ensure safety of all users, the speed bumps are designed to reduce traffic speed near the Goose Pasture OHV Staging Area to approximately 10 mph. Reducing vehicle speed in this area will also allow motorists extra time to complete turns in and out of the Goose Pasture and "Dog Pond" recreation sites.

For more information, contact the Oregon Dunes Visitor Center at 541-271-3611 or check online for current conditions at www.fs.usda.gov/recmain/siuslaw/recreation.

For alerts and notices, follow @SiuslawNF or visit www.fs.usda.gov/siuslaw.

## 'Universalist Traditions' subject of next FUUF meeting

On Sunday, July 14, from 10 to 11 a.m. at the Florence Unitarian Universalist Fellowship, Rev. Dr. Ruth Miller will share a message titled, "The First Three Sources of Unitarian Universalist Traditions."

Dr. Miller will introduce us to three of them in this week's talk: prophetic wisdom of men and women, world religions, and the transcendent mystery. She will share their essential similarities and a few of the differences that distinguish them.

FUUF, located at 87738 Hwy 101 at Heceta Beach Rd., is wheelchair accessible.

## Pfaff, DeNoyer featured artists at FRAA for July

During the month of July, Florence Regional Arts Alliance (FRAA) will feature student artist Kenia Pfaff's artwork along with ceramic artist Kris DeNoyer.

Their creative talents can be viewed at the FRAA Art Center, 120 Maple St., in Old Town, and the public is invited to a reception to meet the artists on July 13, from 3 to 5 p.m.

Refreshments will be served.

Pfaff, a 16-year-old, home-schooled sophomore, said, "I am home-schooled by the most patient dad in the world."

Born in El Salvador, Pfaff was adopted by her family in 2012. She has been painting and drawing for the past seven years and enjoys working with acrylics and watercolors.

In her spare time, she volunteers with Helping Hands on Fridays, and with the church services at Spruce Point every Sunday.

"I am thankful to be able to display my artwork at FRAA, and I hope you enjoy it."

DeNoyer grew up on the Central California coast

and has enjoyed doing ceramics since she was eight years old.

She took ceramic classes in high school and college, where she learned wheel-throwing, hand-building, sculpting and firing techniques.

After moving to Florence with her husband in 2005, she was able, with the help of a contractor, to transform a backyard toolshed into a well-equipped ceramic studio.

"I enjoy creating bright, whimsical ceramic critters. They make me happy, and I enjoy when they make others laugh or when they bring a smile to a child's face," said DeNoyer.
