### Driveway heat

During the summer months, hot pavement can release heat into the adjacent soil, creating a hostile environment for plants that may otherwise be happy there the rest of the year. Some heat-resistant plants for such areas are creeping juniper, lantana, cinquefoil, russian sage, indian hawthorne and rosemary. - B. Weaver

## HOROSCOPES

ARIES - Mar 21/Apr 20

Don't let your emotions get the best of you in a heated situation, Aries. You can come out on top if you remain calm and think through your responses with utmost caution.

TAURUS - Apr 21/May 21

Taurus, there are a few different ways you can play an up-

coming situation. Taking a back seat and letting another person lead the way may be the smartest strategy.

GEMINI - May 22/June 21

A few opportunities may drop into your lap, Gemini. However, just because things come about easily does not mean they are the right choices for right now.

CANCER - June 22/July 22

Cancer, keeping things bottled up until the last minute seems to be the way you have been operating lately. You may

want to try sharing your feelings and seeking feedback.

LEO - July 23/Aug 23

Wearing your emotions on your sleeve may get you attention, Leo, but it won't necessarily be the kind of attention you were hoping for. Reconsider what you share.

VIRGO - Aug 24/Sept 22

Virgo, it can be challenging to relinquish control, but that is just what you will have to do at some point this week. This will be a good lesson to learn.

LIBRA - Sept 23/Oct 23

It's hard to see someone's perspective when you have never gone through this particular situation, Libra. Keep that in mind when supporting a loved one in need.

SCORPIO - Oct 24/Nov 22

All it takes is a subtle change of perception to turn a situation around, Scorpio. Start by taking a few risks outside of your comfort zone for some new inspiration.

SAGITTARIUS - Nov 23/Dec 21

Sagittarius, it is good to be proud of your accomplishments. Just be sure not to come across as boastful, especially in certain company. You don't want to come across as bragging.

CAPRICORN - Dec 22/Jan 20

Capricorn, asking for help is not admitting weakness. If you feel you are in over your head, call in the reinforcements. Then you can get back on track more

quickly.

AQUARIUS - Jan 21/Feb 18

Good fortune is coming your way, and you can certainly spread the wealth if you desire, Aquarius. Chances are there are a few other people who can use a smile in the weeks to come.

PISCES - Feb 19/Mar 20

Job security may have you sticking with a position long after the time has come to move on, Pisces. Reexamine the bigger picture and your goals.

## MEET SUNDAY

Sunday is a laid back 3 year old gal, with plenty of love to give. She loves to explore and play, but also loves to just lounge around and enjoy the sun. Sunday has been diagnosed with liver disease, but with high quality food and medication (which she takes very easily) she is doing fantastic and enjoying life. If you're looking for a great cat with that special personality, come and meet Sunday.

## MEET TIPPY

Tippy is a one year old, female, lab/hound mix who loves people. This sweet girl would love a family to call her own who will take her hiking and running and to the dog-park. Tippy has been diagnosed with muscular atrophy and will need to be on medication for it, but she takes it well and it's inexpensive.
