CapTel

Ideal for people with some degree of hearing loss, the CapTel Captioned Telephone works like any other telephone with one important addition: It displays every word the caller says throughout the conversation.

CapTel phone users can listen to the caller and can also read the written captions in CapTel's bright display window. You hear what you can, and read what you need to.

Several models available — including mobile apps. For more information visit www.captel.com.

Florence Antiques & Coast Jewelers

Have your estate jewelry valued, authenticated and cleaned

Bring your estate jewelry to Florence Antiques and Coast Jewelers' booth at the Boomer and Senior Expo on Thursday, Sept. 26, from 9 a.m. to 2 p.m. at the Florence Events Center to have it cleaned, valued and authenticated.

This is the fourth year that Tom Bassett and Richard Bailey, owners of Florence Antiques and Coast Jewelers, have offered this service, and they are excited to see what attendees bring.

While the pair can't offer an official appraisal, as they are not state certified, they can determine if your gem

stones are real and not costume; value the items you bring at local retail pricing; clean them using state-of-the-art methods; test your

gold to verify its quality; and refer you to our GIA certified appraiser, master watch maker and longtime jewelry repair man.

The cleaning is free at no charge and will take approximately 15 minutes. No costume jewelry, please.

Florence Antiques buys, sells and consigns estate jewelry at its store location at 1220 Bay St. in Historic Old Town Florence, and may buy your gold and silver as well.

If you have any questions, please call us at 541-997-8104 or stop by and say hello Wednesday through Sunday, from noon to 5 p.m.
