OBITUARY

WINKLE — George (Rick) Winkle (pictured, right) passed away while surrounded by his family on Sept. 18, 2019.

George (Rick) Winkle (on right)

Rick was the son of Barbara Richards and George Winkle Sr., born on March 24, 1955, in Gooding, Idaho.

He is survived by his loving son Kyle Winkle (pictured, left); his five siblings: Louise, John, David, Charles and Frieda; and many, many family members — both by relation as well as family by choice.

Rick was a man who valued the right thing to do over what was easy and loved all who came across

his path.

He lit up our lives with the warmth of his heart and kindness.

He taught us how to fly a kite; he changed us with his friendship and showed us what loving well looked and felt like.

He will be missed immeasurably.

A celebration of his life will be held at 11:30 a.m. at in Fall City, Wash., at Snoqualmie Valley Alliance Church (6017 SE Fish Hatchery Rd.), on Saturday, Nov. 16.

SELLING A HOME IN THE FLORENCE & SURROUNDING AREAS?

\$ FLEXIBLE REAL ESTATE LISTING COMMISSION PLAN \$

City to begin annual hydrant flushing Tuesday

Beginning Tuesday, Nov. 12, the City of Florence will be conducting its annual Hydrant Flushing Program. The flushing program will last approximately 12 weeks.

Flushing the water main is a normal preventive maintenance procedure to improve water quality, safety and test the system regarding fire-flows.

This program is an important part of the City of Florence's ability to provide fire protection service and to ensure that all hydrants on the system are in good working condition.

City of Florence Public Works personnel will be flushing the hydrants Monday through Friday between 7:30 a.m. and 2 p.m.

The water is safe to use during this flushing period. Some areas may experience discolored or cloudy water during this time, but this will only be temporary. The tempo-

rary discoloration of the water is an unavoidable effect from flushing the water lines and has no harmful health effects.

If the discoloration lasts longer than a few hours or you have any questions, contact Florence Public Works at 541-997-4106 during normal weekday business hours.

After hours, call 541-997-3515.

If your water looks discolored, let the cold water run for a few minutes to clear your water service line. It is also recommended that you do not do the laundry for about two hours to ensure that the water is clear.

Hydrant flushing is a method to clean the water main pipe by using high water velocity to "flush-out" sediment and minerals that may build up in the pipe system over time.

The high-water velocity is created by opening fire hydrants one at a time starting from the source

and storage sites toward the far end of the main lines.

In this way the whole water-main line gets cleaned systematically.

The other benefit of this flushing is the testing of the fire hydrants to make sure they operate properly.

Customers are encouraged to call the City of Florence Public Works Department office with any concerns and questions at 541-997-4106.
