Ability Center — Elevating Your Quality of Life

Ability Center, founded by Darrell Heath and just a few staff members in 1994, has expanded to over 100 employees in 14 locations throughout the Western United States. Collectively, Ability Center serves more than 10,000 mobility customers annually with personalized, caring service and mobility solutions for your home and vehicle.

In 1978, Heath worked converting vans for disabled use at the infancy of the mobility vehicle movement. Sixteen years later, his first Ability Center store in San Diego, Calif., opened, dedicated to helping the physically challenged elevate their quality of life through increased mobility. Since then, Ability Center has been at the forefront of the wheelchair accessible, vehicle personalization and adaptive design industry and grown to serve four states: Arizona, California, Nevada and Oregon.

Ability Center's mission is to pro-

vide our clients with professional solutions that enable them to lead more active and independent lifestyles. We accomplish this through a knowledgeable understanding and compassionate staff who partner with our clients to provide a quality, one-stop-shop experience. As a leader in the mobility industry, we honor our responsibility to actively support and participate in the communities we serve.

Our Springfield location has a large indoor showroom with a variety of mobility scooters and wheelchairs to try as well as wheelchair accessible vehicles.
