The Garden Bug

Growing black pepper

These plants do best in fertile soil that retains a little moisture. Good drainage is always essential whether growing black pepper in a pot or in the ground. Look for a location with filtered sunlight; too much direct sunlight can damage this plant. Keep the soil slightly moist, and mist the plant often. - B. Weaver

MEET SUNDAY

Sunday is a laid back 3 year old gal, with plenty of love to give. She loves to explore and play, but also loves to just lounge around and enjoy the sun. Sunday has been diagnosed with liver disease, but with high quality food and medication (which she takes very easily) she is doing fantastic and enjoying life. If you're looking for a great cat with that special personality, come and meet Sunday.

WE NEED A HOME....

MEET BRODIE

Are you looking for a smart, active dog who wants to be your best friend? I'm the guy for you! My name is Brodie, and I'm a happy, bouncy, crazy-smart boy who has a lot of love to give to the right family. I love kids and will let them crawl all over me, and I know a ton of tricks that aren't just "sit, stay, and shake." I'm also already house trained, and I play well with other dogs who have an exuberant play style like me...so basically, what I'm saying is that I'm the perfect pup. My ideal home would be with the kind of family who likes to go for runs, bike rides, and hikes all of the time, because I have a lot of energy to burn (just not cats at home, please).
