Health is our #1 Priority!

At Shervin's we are taking extra precaution in order to ensure that our customers and staff are kept safe and healthy during this quickly changing situation.

1 Car Sanitation – All cars are wiped down with a sanitizer before and after the service. We wipe down any areas in the interior where employees have touched, such as door handles, the steering wheel, keys, shifters and power window panels.

2 Hand Sanitation – Our staff will continue to wash their hands throughout the day and change gloves after each car they service.

3 Give Customers Options – We will pick up and deliver your vehicle to your home. You may also drop your key in our secure mailbox for drop-offs to avoid or minimize contact.

4 Employee Illness is Serious – We are encouraging employees not to shake hands. We are practicing "personal distancing" and encouraging employees to stay home if they feel under the weather.

5 Wipe Down High Touch Points – We wipe/spray counters, credit card machines, door handles, phone handles, kitchen areas, and chair arms and tables in waiting area multiple times a day. We continue to be focused and committed to working with each of you to ensure we continue to meet and exceed your expectations. We are here for you. We thank you for your business and more importantly, your friendship. Please be safe and exercise extra precaution during this challenging time.
