

Testimonies about the Florence Area Chamber of Commerce

I feel that Three Rivers Casino Resort's partnership with the Chamber brings many opportunities throughout the year to work together to bring tourism to our area which helps every business in Florence. Its truly a win-win-win. We really enjoy working with the awesome Chamber and staff whether its ribbon cutting for opening of a new business in town or sponsoring a Noon Forum or Chamber After Hours. The folks are great and professional.

I feel it's our duty to support the Chamber and help the surrounding area in which we live. The Casino sponsors many Chamber events throughout the year that, quite frankly, make a difference in our community. We

would not have these opportunities if not our Chamber partnership.

We receive weekly updates from the Chamber which help us stay connected when we can all not be together. Simply working with the Chamber on events and opportunities connects us with other businesses in town. When we need help, the Chamber is there with answers or direction, from marketing and advertising to motivation. They help us in many ways most don't know about.

The educational opportunities and community information that are offered at the luncheons and in the weekly Chamber blasts are spot on with what busi-

nesses should be thinking about and should be aware of. I also love that the Florence Chamber shows so much support for local community activities by sharing them with Chamber members. Though they are not supporting them financially, they do show that businesses care about the rest of the community and encourage them to support them.

I support the Florence Area Chamber of Commerce!

Being a Chamber member increases credibility and adds marketing exposure for my business. The Chamber Blast keeps me informed with relevant, timely information about my community. Training and networking events provide wel-

come opportunities for me to learn and grow. And the Chamber serves as connector and convener within the Siuslaw region. We are stronger together!

Our Chamber is great! They are constantly looking out for ways to help our community thrive. We really appreciate them and Bettina!

There's no doubt that the Florence Area Chamber increases business opportunities to its membership and to the community as a good place to work, play and do business.

Personally, the Chamber has provided referrals, shared opportunities for increased ex-

posure and provided programs and information important to being prepared to succeed.

I have been involved with and exposed to several Chambers of commerce and the Florence Chamber ranks among the very best.

Although we do not make the meetings regularly, there is always something to be learned and taken from the Chamber meetings. We really enjoy attending the Business After Hours events as well. The updates we receive and the representation of by the Chamber regarding legislative business is appreciated as well.
