

COVID-19 BUSINESS RESOURCE HUB

The health of our businesses and community members is always top of mind, and particularly so during the evolving health and economic circumstances surrounding COVID-19. The Florence Area Chamber of Commerce hopes to help businesses and community organizations stay informed of the resources, information and assistance available to them.

To navigate through immediate, evolving and near future impacts, the Chamber is and will be working closely with public and private business and economic development partners. We will work to effectively anticipate, respond, and advocate for resources; particularly those that will help mitigate the impacts on your business and on our community.

This page is updated online at www.florencechamber.com/covid-19-business-resource-hub/.
