

Fishing from 1B

have created great spring/early summer conditions for trout fishing and will provide good opportunities through the summer months.

SALMON RIVER: Cutthroat trout

Cutthroat trout fishing opened on the Salmon River on May 22. Good cutthroat fishing can be found throughout the Salmon River estuary and river through the summer months.

SILETZ RIVER: summer steelhead, Spring Chinook, cutthroat trout-Summer steelhead fishing has been slow so far this year on the Siletz River. High water and cooler temperatures have disrupted the typical migration pattern of these fish and they are starting to move

throughout the system with the recent warm and dry conditions. Expect things to be a little later this year and fishing to improve in the next couple weeks as the river drops and warms up.

Spring Chinook fishing has also been slow so far this year but a few fish are being caught in the lower portions of the river. Anglers are reminded that the bag limit has been changed for the 2020 spring Chinook season to 1 fish per day and 1 for the year. Check the regulation updates for details.

Cutthroat trout fishing is open in the Siletz basin and good trout fishing opportunities will remain through the summer months.

WILSON RIVER: Steelhead, cutthroat trout
The Wilson River gets a good summer steelhead

return and has great bank access all along Hwy 6 on the state forest land. It's still early and fishing has been slow thus far, but there are probably some fish around and the run should improve through the summer.

YAQUINA RIVER: Cutthroat trout

Trout fishing opened in the Yaquina/Big Elk basin May 22. The Yaquina and Big Elk have great cutthroat trout fishing opportunities throughout the estuary/river through the summer months.

COOS RIVER BASIN: Marine species, cutthroat trout

Anglers have been catching a few rockfish in the lower Coos Bay estuary while fishing along the jetty and submerged rock structures. The recent late morning/afternoon winds can make it difficult to fish

on the estuary. The daily bag limit for marine fish is 5 of which only one can be a copper, quillback or China rockfish. Anglers are also allowed 2 lingcod per day.

The harvest of cabezon will not open until July 1.

Trout fishing in streams and rivers opened May 22. Anglers fishing in streams and rivers above tidewater are restricted to us flies and lures through the end of August. With the recent hot weather, fishing will be best in the mornings and late evenings.

TENMILE LAKES: Trout, warmwater species, largemouth bass

Largemouth bass have completed spawning in Tenmile Lakes. Bass are now spread out between shallow water and deeper water. Bass can be caught on a variety of tactics like topwater lures, jigs, swim-

baits and Senkos.

Bluegills are becoming very active in some parts of the lake especially along the edges of weedlines. Bluegills can be caught on small jigs, worms on a small hook, or even on small wet flies and poppers.

Yellow perch will be transitioning to summer patterns soon, which means anglers should start fishing the outside edges of the weedlines in 7-12 feet of water.

Trout fishing has slowed down with the warmer water temperatures.

Anglers will have the best success fishing for trout in the deeper water and trolling slowly.

UMPQUA RIVER, SOUTH: Bass

Bass fishing throughout the South should be good.

PACIFIC OCEAN & BEACHES: Bottomfish,

salmon, halibut, surfperch

Douglas County Parks are closed but they state that the ramps are still open which would include those in Winchester Bay.

Bottomfishing is now open to fish at all depths. Fishing for lingcod has been good when anglers can get out on the ocean. The daily bag limit for marine fish is 5 of which only one can be a copper, quillback or China rockfish. Anglers are also allowed 2 lingcod per day. The harvest of cabezon will not open until July 1.

Anglers are also allowed 2 lingcod per day. The harvest of cabezon will not open until July 1.

Anglers may also choose to fish the offshore longleader fishery outside of the 40-fathom regulatory line, which is open year round.

Fees from 1B

park systems in our region charge for their facilities. The analysis was identified as a priority in the Parks Master Plan, which was adopted by the Board of County Commissioners in 2018 after a lengthy public process.

The fee increases were first discussed last fall and approved by the

Board of County Commissioners in February.

The increase was originally slated to occur in April; however, the decision was made to delay until July 1 in recognition that many facilities were unavailable to community members during the State's Stay Home Save Lives Executive Order.

Other fee increases include:

Full hook-up RV campsites at Armitage and Harbor Vista campgrounds will increase from \$30 to \$35 per night.

Partial hook-up RV campsites at Armitage, Harbor Vista and Richardson campgrounds will increase from \$25 to \$30 per night.

Baker Bay RV campsites will increase from \$20 to \$23 per night.

Reservations made

before July 1 will be honored at the prices that were in effect at the time the reservation was made. Reservations made on or after July 1 will be at the new prices.

For more information about parking passes and campsite reservations, please visit www.LaneCountyOR.gov/parks.

** Lane County Parks does not receive property tax funding.*

Fire from 1B

in one death and 36 injuries. The data from structural fire agencies do not include incidents that occurred on federal and other state lands.

Officials may seize illegal fireworks and charge offenders with a class B misdemeanor,

which could result in a fine of up to \$2,500 per violation and a civil penalty of up to \$500.

Those who misuse fireworks or allow fireworks to cause damage are liable and may be required to pay fire suppression costs or other damage. Parents are also liable for fireworks damage caused by their chil-

dren.

"All of us share the responsibility to use only Oregon consumer legal fireworks and use them carefully," adds Walker. "Please also consider your neighbors and their pets before deciding on when and where you choose to light legal fireworks."

The OSFM has pub-

lished FAQs for commonly answered questions about the sale and legal use of consumer fireworks, permits for the retail sale of fireworks, and state rules for their use and enforcement activities. OSFM's fireworks education materials for sharing on social media also can be found on its website.

Beer from 1B

proceeds from this beer to Yachats local first responders affected by the COVID-19 pandemic.

The proceeds will be

distributed via grants from IAFF Local 1660 to help first responders with expenses resulting from the pandemic.

Grant applications can be found at tillermalt.com.

Yachats Brewing is also buying a First Responder beer for any local First Responder that shows their employee badge at Uptown Beer Co. in Portland or their Scholls Ferry Road location, while

supplies last.

First Responder beer can be purchased and delivered through Uptown Beer Co.'s online store as well.
